Expect Truman To Keep Secret Loyalty Files

Await Decision By President On Confidential Files

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, March 28.—Senate loyalty investigators looked to Key West today for a presidential decision expected to withhold confidential FBI files.

Both Attorney General McGrath and FBI Director Hoover urged such action as essential to security.

Hoover warned that Soviet agents are seeking "intimate personal details" concerning U. S. leaders in government and industry. He declared that release of loyalty files would aid Russian spies and "cripple the important work of the FBI."

'Unproven Assertions'

The chief G-man pointed out also that the files contain many unproven assertions and added that he "would not want to be a party to any action which would 'smear' innocent individuals for the rest of their lives."

At President Truman's winter vacation spot in Key West, a source close to the president said the files would not be released. The source said that Mr. Truman feels the Bill of Rights is involved and that congressional inspection of the files might invite a "witch hunt."

Mr. Truman's final ruling was awaited as the Tydings subcommittee called another public session to hear Haldore Hanson, State department "point four" program official, testify in his own defense.

DISCUSS U.S. DEFENSE PLANS

KEY WEST, FLA.—President Truman and Defense Secretary Louis Johnson, (right), discuss master defense plans which will be brought up at the Hague, Netherlands. Secretary Johnson is chairman of the North Atlantic Treaty defense committee. Meeting took place at the Little White House.

Pouring Record Casting At United Engineering Plant

Another world's record is being set in the United Engineering and Foundry plant here today.

The largest casting in the history of the world is being poured, 485,000 pounds in weight, and for the next two months the molten metal will be cooling.

Over a year ago the plant turned out what was then the largest casting in the history of the industry, slightly over 480,000 pounds, but the one today is larger by a few thousand pounds.

The casting will eventually be a gigantic housing for a press to be manufactured by the Ajax company. Huge as it is, the casting is being put together with the skill and care of a prize-winning cake. The metal contains finely measured portions of various elements, the men in the plant have to be sure the metal reaches every minute portion of the pattern, for when it is withdrawn from the sand two months from now it must be exactly right.

There are a dozen ways in which the casting might be spoiled, but the odds are heavy that when the casting is ready to be shipped it will be just what the specifications call for.

That's the way they do things at United.

Blaze On Liner Is Extinguished

BALBOA, C. Z., March 28.—(INS)—Firemen and stevedores extinguished today a blaze on board the Grace Line freighter Santa Rita which threatened to touch off an explosion in a cargo of 211 tons of high explosives.

The ship was moved from an anchorage to a dock in Balboa's inner harbor when Capt. H. A. Toup, Canal Zone fire inspector, announced the fire snuffed out after a battle lasting over 14 hours.

The Santa Rita was 200 miles from the Pacific entrance to the canal when the fire signal was flashed and 52 crew members went to work fighting the flames in number one hold while the ship was turned back toward the canal.

More Bonus Checks Have Been Mailed

HARRISBURG, March 28.—(INS)—A second batch of 12,303 soldiers' bonus checks totaling \$4,390,410 is being distributed today to veterans throughout the state.

The distribution boosted the total to 114,372 checks representing \$46,261,885 that have been mailed to World War II veterans from the compensation bureau since March 17.

Director Clyde E. Rankin said a 5,000 daily average will be mailed the remainder of the week.

Yesterday the bureau moved past the half million mark in processing claims on the first-come first-serve basis.

The bureau has received 1,194,000 claims to date.

May Meeting Of Big Three Is Indicated

Atlantic Pact Powers Plan Meeting Aimed At Ending Cold War

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, March 28.—The Atlantic Pact powers are expected to announce today plans for a May European conference aimed at ending the cold war.

A meeting of the foreign ministers of the United States, Britain and France is expected to be held at the same time.

In London it was expected Foreign Secretary Bevin will announce to parliament tonight plans for a big three meeting which will include discussion of western relations with Russia.

French foreign office sources believed London would issue invitations later in the day to the U. S. France to attend meetings beginning May 8. The French reported "very active exchanges" by the three capitals recently to decide details of an agenda.

Resurvey Of Relations

On the agenda of both meetings is a resurvey of relations with Russia, reported requested by Britain and agreed to by the State Department.

It had been expected that they would be held either in London, the Hague or Brussels. The sudden difficulties arising in Belgium as a result of the fight over King Leopold's return presumably ruled that capital out.

An agreement on the points to be discussed will presumably be (Continued on Page Two)

New Drive In Senate Aimed At Acheson

Senator Bridges Heads New Drive On State Department

WASHINGTON, March 28.—(INS)—A GOP Senate faction roared into high gear today in a concerted, blistering drive aimed at shaking up the State department and ousting Secretary Acheson.

Sen. Bridges (R) N.H., keynoted the new battle, denouncing Acheson and charging that the Kremlin has been wrecking U.S. foreign policy through "help from inside our ranks."

Bridges told newsmen that he was only the lead-off man in the new drive. He said there will be "a parade of speeches."

Poses Questions

The New Hampshire senator posed a series of questions which he declared that the Tydings subcommittee, which is probing charges by Sen. McCarthy (R) Wis., (Continued on Page Fourteen)

Conference Is Open At Hague

North Atlantic Pact Committee Meets

THE HAGUE, March 28.—(INS)—A conference of the North Atlantic pact military committee opened at The Hague today to study coordination of regional defense plans and other problems.

Gen. Omar Bradley, head of the U. S. joint chiefs of staff, presided at the initial session held at Dutch military staff headquarters.

In addition to coordination of defense plans of the five regional groups under the pact, the military chiefs of the treaty powers will examine a report on the availability of military supplies and equipment needed in the future.

Score Killed In Midwest Storm Series

(By International News Service)

A howling spring storm spawned in the dust bowl blustered into eastern Canada early today, lifting a midwestern siege of blizzards, heavy rains, dust and hail that killed an estimated score of persons.

In two days the vast storm slashed a path of destruction from Texas to the Great Lakes before it whirled out over upper Michigan.

Heavy Snow

High winds whipped up stinging clouds of dust, the worst since the dust bowl was born in the early '30's, and buried the Dakotas and Minnesota under eight to 10 inches of snow.

Weather bureau spokesmen said the storm was "considerably diminished" but 25 to 35-mile-an-hour winds sent new dust clouds billowing over El Paso, Tex., last night and piled deep drifts in the snow-covered northern plains states.

Torrential rains and a spring heat wave eased to a narrow belt of precipitation over the Appalachian mountains.

100-Mile-Hour Gusts

The windblown dust reached Alabama and Georgia, where 100-mile-an-hour gusts rocked a deep low-pressure pocket which the weather bureau described as "not too bad" for tornadoes.

Telephone and utilities repairmen began untangling snarled power lines in the wake of the storm.

At least seven of the dead were killed in near-zero visibility on dust-choked highways. A nine-year-old boy and his seven-year-old brothers were crushed beneath a felled tree in a Kansas City suburb.

TOPEKA, KANS.—R. E. McConkey, of Topeka, erams his hat on his head as he watches the shingles on roof of his new home stand up and prepare to take off in wind which sometimes hit hurricane velocity in Midwest dust storm.

New Russian Propaganda Drive Against United States

By PIERRE J. HUSS
(U. S. Staff Correspondent)

LAKE SUCCESS, N. Y., March 28.—A new Soviet propaganda offensive against the United States shaped up today following Russian charges in U. N. that the Americans plan to seize Formosa after the Chinese Nationalists collapse.

U. S. Sources refuted as propaganda tactics the pattern of attack unleashed in the Human Rights Commission and the U. N. Transport group by Soviet bloc delegates.

The Soviets staged the 18th and 19th walkouts yesterday from the U. N. after the two commissions refused to oust the representatives of Nationalist China.

Slowdown Of Berlin Traffic

BERLIN, March 28.—(INS)—Soviet border guards at Helmsstedt resumed today their "on-again, off-again" slowdown of truck traffic between Berlin and western Germany and quickly built up a backlog of 75 vehicles.

Only 12 or 13 trucks in each direction were passed by the guards every hour in the latest resumption of the tactics first employed over two months ago.

Of the 75 stymied trucks, 55 were bound for Berlin and 20 for western Germany.

House Expected To Begin Voting On Foreign Aid Bill

WASHINGTON, March 28.—(INS)—House GOP leaders meet today to decide how great a cut they will demand in foreign aid, but Speaker Rayburn (D) Tex., predicts passage of the full three and a quarter billion dollar program.

With only 70 minutes of general debate left, the house is expected to begin voting today on amendments to the omnibus foreign aid bill. Final action is not likely until tomorrow.

Chain Reaction To Bolt Of Lightning

CHICAGO, March 28.—(INS)—A hard-working bolt of lightning struck a tree on Chicago's north side and set off a chain reaction of its own.

The bolt knocked down three persons yesterday, shattered 75 windows, put 50 telephones out of service, interrupted power and light service, blew two hub caps off an auto and unlocked two windows.

The only serious casualty was the tree—stripped of all its bark.

Census Takers Are In School

Preparing To Start Census Taking Here

Men and women who will be taking the census in Lawrence county after April are in school this week.

Five classes of census takers are being held with a crew leaders in charge of each class. The entire census taking group numbers 90 for this county.

In the Cunningham Armory this morning twenty census takers attended class instructed by Walter Maslyk, one of the two crew leaders for the city. This afternoon another class will be in charge of Mrs. Thomas George the other city crew leader.

Other Classes
Similar classes are being held in Bessemer, Plainville and Ellwood City for the rural census takers.

A total of 16 hours class work is required by the census bureau of which four will be practice in taking the census. Following that, the census takers will cover the county.

From the appearance of the census sheets, the coverage this year will be comprehensive. The type of house lived in, owned or rented, heated by coal, gas, oil or wood, the cost of utility services, income, age, these and a host of other questions will be asked.

Under the plan at present it is hoped to take the census in two weeks with another two weeks for call backs and rechecking.

Report 3,000 Wiped Out In Hainan Attack

HONG KONG, March 28.—(INS)—Reports from the Island of Hainan, stronghold of the Chinese Nationalists, said today that 3,000 Chinese Communist troops were wiped out in a futile attempt to establish a beachhead.

Word from Hoichow, Nationalist headquarters on Hainan, said the Communist forces made their invasion attempt in three waves.

The attacking forces reportedly approached Hainan, directly across Hainan strait off the south coast of China, in 20 vessels.

Hoichow Nationalist headquarters said their defense units withheld fire until the Communists disembarked.

The report added that both Nationalist warships and aircraft later attacked and sank a fleet of 15 other Communist vessels carrying reinforcements.

Crash Occurs This Morning Near Ottawa

Plane Crashes Soon After Taking Off For Washington

(BULLETIN)

OTTAWA, Ont., March 28.—(INS)—U. S. Ambassador to Canada Laurence A. Steinhardt and four other persons were killed today in the crash of an air force C-47 plane near Ramsayville, Ont., south of Ottawa.

An embassy spokesman, Norman Lamb, said that the plane crashed soon after taking off from Ottawa's Rockcliffe airport for Washington.

The plane burst into flames on the ground.

Only Survivor

The only survivor, identified as Master Sgt. G. A. Long, was reported by Alan Gould, owner of the farm on which the plane crashed and burned, to have parachuted from the ship shortly before the crash.

Long was taken to the Royal Canadian Air Force hospital at Rockcliffe airport.

The embassy listed the others aboard the plane as:

Allen Harrington, 20, son of Julian Harrington, U. S. minister to Canada.

Capt. Thomas Archibald, pilot, Lt. Col. W. F. Trueblood, an exchange officer.

Capt. Mark Bellanger.

Farmer Gould, an eyewitness to the crash, said:

"The plane seemed to be in trouble shortly after taking off from the airport. All of a sudden, I saw someone parachute out of the airplane."

"Almost immediately, the plane dived down onto the farm and burned fiercely."

Gould's farm is located about three miles from Ramsayville, a village on the outskirts of the Canadian capital. Cause of the crash was not determined.

'Cold Front' Is Detoured

(By International News Service)

High temperatures continued in western Pennsylvania today in defiance of an expected cold front that never materialized.

Today's thermometer readings, the weather bureau reports, will be in the low sixties, considerably below yesterday's high of 83 in the Pittsburgh district, yet accompanied by enough wind gusts to make topeaks necessary.

Considerable cloudiness and cooler will prevail tonight and tomorrow.

Snow flurries are expected tomorrow and in the northwest portion late tonight. Low temperatures tonight will be between 0 and 35 in the north and 35 and 40 in the south.

A high near 45 is expected tomorrow.

The chips are down and the hands are drawn and the players are getting tense; they'll be betting wild on the hands they hold and some but with little sense. For some are in just to try a hand and some are in for the fun, and some are in who will wish they're out before the playing is done. But the game is open, in politics, they can take a gamble, who may, but at the showdown, well, who will win, it's 64 today.

Some brave housewives about the city ventured to hang the first wash of the year on the outside Monday despite the fact it could easily be showered with soot from furnaces in adjoining homes which were still being fired. The warm day brought many folks to the downtown in their shirtsleeves and other abbreviated attire.

Firemen were called again to the site of the old Clendenin block on Monday and laid a hose which poured water into the debris which began to smoke anew over the weekend. No recent steps have been taken to clean up the site although a month has passed since the devastating fire.

Young men about the district fortunate enough to own convertibles obeyed the impulse Monday and peeled back the roof on the cars as they enjoyed the warm sunshine which was offered them. The yen "to step on it" was felt by some who kept within the bounds rather than fall into the clutches of the law.

Many a local male resident went to bed weary in body Monday evening it is learned by Pa New. The beautiful weather brought on many lawn rolling parties. Most of the "rollers" not accustomed to the extra strenuous work sought out the liniment bottle before the day was over.

Monday afternoon, one Pa New noticed a long line of orange colored crocuses blooming on a lawn corner of Chestnut and East Washington street, which made a pretty sight.

Residents of the 600 block on Spruce street have been interested in a white robin that is making its home in the neighborhood. It has the customary light red breast, but white wings. According to bird lovers they are not very common.

Rotarians Hear Fellow Member

New Wilmington Club To Honor Athletes

Norman Igo showed slides and talked about his recent trip to Central America at the regular weekly dinner meeting of the New Wilmington Rotary club Monday evening.

Mr. Igo, a member of the club, showed slides on El Salvador, Guatemala and Cuba. He spent some time talking and showing slides about the Mayan Indians of El Salvador and Guatemala and about their ancient civilization.

Jacob Bumgardner gave a report on plans for the basketball banquet to honor the high school and college teams. The banquet will be held April 18 at the New Wilmington United Presbyterian church. Program for the banquet has not yet been completed.

President Ross Ellis mentioned the district conference to be held in Oil City on May 5 and 6, and asked as many local members to attend as possible.

U. F. Mosson and W. S. Harmon were visiting Rotarians from the Bessemer club. Louis McKay was a visiting Rotarian from Grove City. Bud Mansell was guest of Norman Igo at the meeting.

Robert Galbraith, Jr., was back after leave of absence.

Oliver Collins was in charge of the evening's program. Grover Washbaugh will be in charge of next week's program.

CRASH OCCURS THIS MORNING NEAR OTTAWA

(Continued from Page One)

Although not a career diplomat, he was appointed ambassador to Canada in August, 1948. He previously had served as ambassador to Moscow, Prague, Peru and Turkey.

Regarded as a "troubleshooter" he was regarded during the war years as a "troubleshooter" for the state department.

He entered the field of diplomacy after practicing law in New York City.

Steinhardt was born in New York City on Oct. 6, 1892. He obtained his law degree from Columbia university in 1915.

In 1918 he joined the army and was associate counsel of the war department until he resumed his law practice in 1920.

His first diplomatic post was in Sweden where he was sent on May 11, 1933.

In 1937, he was named ambassador to Peru and while there attended the eighth international conference of American states in Lima.

Six months before the outbreak of the European war in 1939, Steinhardt was named ambassador to the Soviet Union.

He remained at that post throughout the period of the Russo-German alliance and until after the Russians entered the war against Germany.

In January, 1942, he was sent to Turkey where an intensive espionage war was being waged and he was frequently denounced by the nazis for alleged intrigues.

Steinhardt went to Czechoslovakia in 1944 as U. S. ambassador. He stayed until after the communist coup there, then returned to report of the development to President Truman.

He had been ambassador to Ottawa since Aug. 12, 1948.

on a military training program and give further thought to standardization of weapons.

The military conference will be followed by a meeting of Atlantic pact defense ministers.

U. S. Defense Secretary Louis Johnson is due at The Hague tomorrow.

One of the chief problems to be taken up later is Britain's role in any future war against western Europe.

The British are said to be concerned over plans to base the European effort of the west on the European continent rather than in England to avoid the costly job of invasion in a new war.

Petroleum industry of Mexico became nationalized March 18, 1938.

MAY MEETING OF BIG THREE INDICATED

(Continued from Page One)

Major Problems

Major problems confronting the foreign ministers of the U. S., Britain and France are believed to be:

1. A canvassing of mutual approaches to Moscow in another effort to end the cold war. Observers believe that United Nations Secretary General Trygve Lie will withhold his proposal for a special meeting of the security council for the purpose until the big three have a chance to act independently.

2. Problems in the Far East created by communist's capture of the China mainland and threats to take over Tibet, Indo-China, Siam and Burma.

3. A survey of possible joint action to meet the dangers inherent in the proposed May 28 demonstration of east Berlin Communists, who plan to invade the western sectors.

EXPECT TRUMAN TO KEEP SECRET LOYALTY FILES

(Continued from Page One)

(R) Wis., of having Communist leanings. The 38-year-old former McCarthy correspondent has denied McCarthy's charge that he has "pro-Communist proclivities" and asked time to reply under oath. His turn comes today.

Both J. Edgar Hoover, for 26 years head of the FBI, and Attorney General McGrath, himself a former senator, opposed giving the senators even "summaries" of secret FBI loyalty files.

McGrath told reporters he is advising President Truman, now vacationing at Key West, Fla., not to turn over the FBI files to the group headed by Sen. Tydings (D-Md). He noted:

"Of course, he may overrule me."

"Summary Inadequate" McCarthy said that a summary of a case would be "inadequate." He has insisted that the committee get complete files, especially in the case of the man he said is the "top Russian espionage agent in this country."

The Republican told the Tydings committee this man is Owen J. Lattimore, far Eastern expert whom McCarthy earlier had accused of having Communist sympathies.

McCarthy has said repeatedly he is willing to "stand or fall" on this "key" case.

Chairman Tydings announced that Lattimore, now en route home from Afghanistan where he is on a United Nations' mission, will be heard on April 4 unless he requests more time to prepare his testimony.

HANSON CHALLENGES

WASHINGTON, March 28. — (INS)—Haldore Hanson, one of those accused of "pro-Communist" leanings by Sen. McCarthy (R) Wis., challenged the GOP senator today to "call me a Communist without benefit of senatorial immunity" and face suit.

The young State department official declared under oath before Senate investigators that he is "not a Communist," has never been a Communist, advocated the Communist form of government, or "knowingly associated with an espionage agent of a foreign power."

Deaths Of The Day

Mrs. John J. Keeley

Mrs. Catherine Keeley, aged 85 of 7 Borough street, widow of the late John J. Keeley, died today evening at 6:30 o'clock at the family residence following a 6 months illness. Her husband preceded her in death, June 15, 1940.

Born in Maryland, March 20, 1865, she was a daughter of the late Felix and Bridget Weir Riley. She came to New Castle shortly after her marriage in 1890 and has resided here ever since. She was the last of a family of ten children.

She was a member of St. Mary's church and the Little Flower club. Of her family of nine children six survive as follows: Mrs. Mary Chaffee of Youngstown; Mrs. Charles McCarthy, Columbus, O.; Edward McCarthy, Keokuk, Ia.; Leo Keeley of Beaver Falls and Joseph Keeley of Youngstown. Twenty grandchildren and 18 grandchildren also survive.

Friends are being received at the Zehner funeral home, North Beaver at Fall street. Calling hours are this evening from 7 to 9 o'clock and Wednesday, 2 to 4 and 7 to 9 o'clock. Time of funeral will be announced on Wednesday.

Elmer Larkin

Elmer Larkin, aged 81 years, died Monday evening at 6 p. m. at the Lawrence County home where he was a resident since March 3 of this year.

Born near Phillipsburg, Pa., Mr. Larkin was a resident of Taylor township for the greater part of his life. He was employed as a machinist, helper and call boy for the B. & O. Railroad company for a number of years. He was a member of Machinist Lodge No. 166.

Funeral services will be conducted from the W. S. Caskey funeral home, Thursday afternoon, at 2 o'clock. Rev. Joseph Morris, minister of the Valley Mission church, West Phillipsburg road, will be in charge.

Interment will take place in Valley View cemetery, Mahoningtown.

Miller Funeral Time

Funeral services for Harry A. Miller, aged 65 years, of Pulaski R. D. 2, will be conducted Thursday at two p. m. in the Joseph B. Leyde mortuary, Highland at Winter. Burial will be in Graceland cemetery.

The family will receive friends at the mortuary this evening and Wednesday evening, seven to nine. Mr. Miller died Monday morning from injuries received when his tractor overturned. He was born in Butler county, Pa., June 20, 1884, son of George W. and Alice Smith Miller.

His wife, Mrs. Jane Vogan Miller, survives; a step-child, Mrs. Margaret Rees, this city; five grandchildren, 11 great-grandchildren; brother, G. Edward Miller, Newark, O.; and sisters, Mrs. Minnie Yoho of Ellwood City, Mrs. Pearl Jastrom of Cleveland, O., and Mrs. Lina Powell of New Castle.

Mrs. Goetz Funeral

Private funeral services for Mrs. Oscar J. Goetz, 1102 Cunningham avenue, were conducted Monday at 11 a. m. from the late home. Further services took place Monday at 3 p. m. from the Weller mortuary.

Survivors are foster children, Mrs. Elma Wright Strausbaugh, with whom she made her home; Harold Wright and Pearson Wright of this city, and Mildred Wright of Huntingdon, W. Va.; brothers, Attorney Harvey E. Martin and James W. Martin of this city; Thomas M. Martin of Volant, also a number of nephews and nieces.

Funeral services will be conducted Friday afternoon, at two o'clock, from the Cunningham Funeral Home, corner East Washington and Chestnut streets, with Rev. Owen W. Shindler in charge. Interment will be in Graceland cemetery.

Friends may call on Wednesday and Thursday evenings at the funeral home, from 7 to 9 o'clock.

Edward C. Heasley

Edward Carson Heasley, aged 73 years, Sandy Lake, died Monday afternoon in the Grove City hospital, being a patient there for the past week.

Born in Mercer county July 28, 1876, he was a son of William Henry and Mary Palmer Heasley. He resided in Mercer county all his life except 17 years spent in New Castle.

For the past 33 years Mr. Heasley lived in the Sandy Lake community, being engaged in farming and stock raising until a few years ago. He was a member of Sandy Lake U. P. church.

On September 4, 1901, Mr. Heasley was united in marriage to Myrtle G. Patton, who preceded him in death May 16, 1931.

Survivors are four children, Mrs. Madge Porter, Sandy Lake, Glenn C. Heasley, Valencia R. D. 2, Paul L. Heasley, Polk R. D. 1, and Ross L. Heasley, U. S. Navy, stationed in Africa; two brothers, Floyd Heasley, Warren, O., and Arch Heasley, Pader, O.; one sister, Mrs. Philip Philander, Youngstown, O., and two grandsons.

Funeral arrangements are incomplete, pending word from his son in Africa. Funeral services will be conducted from the Moore funeral home, Sandy Lake, where friends may call this evening, Wednesday afternoon and evening. Burial will take place in Oak Hill cemetery, Sandy Lake.

Joseph R. Juliano

Joseph R. Juliano, aged 70 years, of 1111 1/2 Croton avenue, died in the New Castle hospital, this morning at 3 o'clock, after a long illness.

HIMDEN-HASSON MARRIAGE NEWS

A dinner and reception for guests followed the marriage on March 19 of Sadie Himden, daughter of Mrs. Mary Himden of East Chicago, Ind., and Henry Hasson, son of Mr. and Mrs. Joseph Hasson, 331 East Long avenue, this city.

The ceremony was performed by Rev. Tarry Slamen at the home of Mr. and Mrs. Hasson. The bride, given in marriage by her uncle, James Joseph of Buffalo, N. Y., was attractive in a satin gown fashioned with a bustle and a lace inset at the neckline designed with sequins and seed pearls and long pointed sleeves. Her fingertip veil was edged with two inches of imported lace and caught to a tangle of seed pearls and sequins. She carried an arm bouquet of calla lilies centered with an orchid and wore a sixpence in her shoe.

The bride's sister, Miss Mary Himden, was maid of honor. She wore a three tone shaded blue marquisette gown with a picture hat to match, trimmed with three tear-drop pearls. She carried an arm bouquet of red roses. Solly Hasson served his brother as best man.

Mr. and Mrs. Hasson will make their home at the home of the bridegroom's parents. Mr. Hasson is employed by the Keystone Lawrence Transfer and Storage company.

SUFFER BY COMPARISON

Only two of the 21 governmental reorganization plans recently sent to Congress by President Truman seemed likely, at first glance, to cause controversy. All others won praise from students of the report prepared by the Hoover Commission. They were held to be in line with the recommendations made by the experts.

Since the first announcement, however, some people have been looking into the President's proposals more carefully. The Senate Committee on Expenditures has been comparing them to the Hoover Commission's suggestions. And it has found, according to Chairman McClelland, that the Truman plans provide for strengthening the heads of departments and various government agencies but there they stop. They do not follow the blueprints when it comes to transferring and regrouping functions.

For example, the Treasury Department plan does not transfer the Bureau of Narcotics to the Justice Department, or the Coast Guard to the Commerce Department, as the Hoover Commission advocated. The plan for the Interior Department does not provide for the creation of a National Public Works Board, or for transferring the civil functions of the Army Engineers and shifting a number of other agencies. Still other plans also fail to fill out the patterns provided by the Hoover reports.

The President, then, goes a short distance with the commission but stops long before he arrives at full acceptance of its solutions for these particular problems. It is not clear whether this means that Mr. Truman will travel the remainder of the route later or has no thought of going any further. Congress has a right to know his intentions before acting.

NEW CONCEPTS OF WAR

The Defense department is working out a new concept of aggression and defense to be prepared in the event of World War III.

Prime reason is that mass bombing, as practiced in World War II, seems as obsolete as the Navy's mud-sticking battleship.

Like the battlewagons, a fleet of bombers over a well-defended enemy territory now would appear to be easy to shoot down.

Today's high-powered, proximity-fused defense guns would quickly dispose of any bomber fleet within range.

Those bombers flying too high for ground defenses—which are gradually reaching higher and higher for their victims—would be subject to attack by high-speed, rocket-armed jet craft.

Since the rockets would carry proximity fuses, the jets would not even have to tangle in combat with an invading bomber—just get within range and firing distance and leave it to the missile to find its own way to the target—such as an atomic bomb carrier.

The defense eyes of the future, therefore, are aimed at a guided missile war—with the missiles going so high and so fast that they cannot be shot down.

HELICOPTERS FOR AIR FORCE

Development of the 20-passenger, all-purpose helicopter which recently won the Air Force Arctic rescue competition serves to point up the important advances that have been made in this type of craft since the end of the war.

The Air Force's initial order for 20 planes is ample evidence of the faith—established by exhaustive tests—it places in them. Similar tests of helicopters for heavy freight and passenger service in congested areas have been conducted successfully in Los Angeles, where urban district mail service runs have been maintained for a number of years.

In fact, the evidence of experiments is favorable enough to justify the belief that extensive commercial use of this type of plane is about to develop. If so, all will benefit.

The plane, if commercially practical, offers an escape from many big city problems, and is almost indispensable for security purposes.

Its use in the commercial field seems definitely desirable.

A RADICAL NEW NAVY

Rep. Carl Vinson, chairman of the House Armed Services Committee, proposes an appropriation of \$500,000,000 to start a five-year program of rebuilding a new and radical Navy. He means new and radical ship types to bring the combat potential of the nation's seagoing forces abreast of the latest military developments.

Mr. Vinson is convinced the Navy needs smaller ships. He mentions specifically building 10 combat ships totaling 30,000 tons. These would be large destroyer-type ships. He also speaks of new type submarines and rocket launching vessels. Part of the program would entail bringing about 200,000 tons of assorted combat ships out of mothballs and remodeling them.

Mr. Vinson says the proposals were worked out by the Navy, and have the approval of the Joint Chiefs of Staff and Defense Secretary Johnson. It seems that Navy thinking has reached what might be called the "end of World War II phase," and is about to set a course in an entirely different direction.

New Atomic Control Suggestion

The suggestion of Brig. Gen. Carlos P. Romulo that the problem of atomic control be taken out of the hands of politicians and entrusted to the brains of science around the world today.

Observers called attention to the fact that for the first time since atomic fission became possible and confronted humanity with the knowledge that humanity can be destroyed, Romulo has reserved the ordinary process of thinking.

Peaceful Application

He recommends that peaceful application of atomic energy come first.

He maintains that if the world's greatest scientific minds team up on the problem, a method of organizing control can be worked out and that military application of atomic energy should take second place.

It was inevitable, of course, that the Romulo proposal should recall the case of Dr. Klaus Fuchs, the strange Jekyll-Hyde personality now languishing in jail at the start of a 15-year sentence for espionage.

Fuchs was cited at the time of his trial by some commentators as one of those strange, abstract creatures who put pure science above patriotism and humanity. British law was convinced that the contrary was the case, that for all his soul-searching and bewilderment, Fuchs simply was a scoundrel of the lowest order.

Assuming then that Fuchs was an exception to the rule which makes scientists just as patriotic and decently inspired as other men, the question arises as to the scientific attitude as a whole with regard to atomic destruction.

The Parent Problem

By Garry C. Myers, Ph. D.

WORKING AT MANUAL LABOR

The usual philosophy of education of children who will use their hands to make a living of most children, therefore, is that their hands should be so trained that their hands will be more skillful. Almost no consideration is given to training the head to go for pleasure while the hands are able to go it more or less alone.

Some years ago while serving on a program of a teachers' convention in Illinois I came across an old friend of mine under forty years of age, who had published numerous researches and had served with distinction on a university faculty. He told me he had gone out there and turned farmer on his physician's orders. "But, Garry, I can think of lots of things while driving a tractor and I make more money at it than I did as a university professor."

A Good Thing

I asked him if he didn't believe it would be a good thing if any other person driving a tractor, doing a similar job also had much to think about. Why shouldn't the man or woman running a machine all day, which requires almost no mental exercise, have something in the head to remember or think about the while? Suppose he could recall some great ideas of art, music, literature or turn over in his mind some ideas that engaged the attention of scholars of the ages. Then suppose that, during his leisure hours, he recalled, thought about and enjoyed such treasures of his mind with his wife or other persons. How about the carpenter, bricklayer, housewife or any other person engaged day after day in work with the hands?

But some may say, "Any person who can so employ the mind won't be doing such jobs." Nonsense! Thousands of persons with minds as keen and full of treasures choose to work with the hands. Think of all the college and university women, some of them with Ph. D.'s, bringing up families or working in industries, and all the other women without degrees or college education but just as smart or smarter than some Ph. D.'s, who are housewives or workers in an industry.

Small Proportion

In the first place there aren't a small proportion of those who have the educational training for these jobs. Also many other jobs pay so much more than white-collar jobs that work with the hands has gained more and more appeal.

Unfortunately, the average person with a Ph. D. has had to specialize so narrowly as to have little to think about and enjoy mentally while using the hands. Let there be more Ph. D.'s at the machine, and in the nursery or kitchen provided these Ph. D.'s go on and get some education, at least a broader education. In the future there need not be many more Ph. D.'s but rather more persons with an equivalent amount of learning spread far and wide.

Of course, not all children have native mental talents enabling them to gain so much learning. Yet most could acquire far more than they ever will. Certainly we parents all want our children to have as much in their heads to think about and enjoy as they reasonably can get. We can do more than most of us do to help them keep on learning.

Tomorrow we shall consider how the young mother may prepare herself now for a most abundant and useful life when her children will have grown up.

State Police Say:

It has been said that the fellow who took the longest getting through school is now the one who drives the fastest past a school. The safety of our children requires special care on the part of the motorist while passing school buildings during time of assembly, recess and dismissal, and in approaching school buses which are stopped to take on or discharge school children.

went on record in fervent opposition to development of the hydrogen bomb.

They said they would refuse to work on such an instrument of terror and devastation.

If they were ordered to do so by their government as a vital contribution to national defense, would refusal to cooperate be treason?

Could they be accused of permitting a potential enemy to use its brains toward this achievement, and of being derelict in their duty by refusal to cooperate?

And how could full and expert exploration of every avenue and field of atomic development by the top minds of the world working in unison fail to uncover the deadly secrets that lie trapped in the universal cosmos? And that guarantee could there be that some malcontent or misfit would not betray his colleagues out of ambition or aberration?

Universal Approach

There appears to be a growing feeling in scientific circles, however, that some sort of universal approach must be made.

This is particularly true of continental Europe.

Rightly or wrongly, the continent, cradle of so many wars, finds it difficult to take the abstract view of any future conflict being fought by robots far in the skies or over some vast uncharted sector of the world with missiles controlled from thousands of miles away.

War has always been too close for such an attitude, from the days of lances and cross-bows through those of the big berths, block-buster bombs and V-2 rockets.

The Europeans think in terms of carnage, of family decimation and ruined houses. There is nothing more tragic to behold than the Apollon just south of Rome, where the ruins of antiquity are almost indistinguishable from homes and buildings blown to pieces in a second world war that has not yet been laid to rest.

Call to U. N.

Romulo's proposal clearly was a call to the United Nations and particularly its Security Council to take the leadership and harness scientific training not for military preparation but for progress and prosperity.

It is significant that no one of importance has attempted to predict just what peaceful atomic development would mean to all humanity in terms of dollars and cents, pounds and francs and elevation of human life.

The Philippine reversal seems to feel that a reversal of thinking in the atomic field would have enormous therapeutic value to an ailing world. His opinion will be both shared and disputed. But it is certain to bring about some serious thinking.

Try And Stop Me

By BENNETT CERF

Bobo Newsom, the colorful, bombastic pitcher who was on the roster of one time or another, of eight different big league teams, was never one to follow rules too closely. He was once hauled on the mat for betting on horse races by the late Judge Landis. "Betting takes your mind off baseball," expostulated Landis. "Let's say you're at bat in the ninth inning of a tight game, the same day you're wagering \$100 on some nag. What are you thinking of: the ball game or your \$100 bet?"

"Judge," said Bobo earnestly, "in the ninth inning of a tight game old Bobo isn't going to be in there batting!"

A native of Rowayton, Connecticut, obviously lacking in civic pride, describes his birthplace as "The Athens of South Norwalk." An even more disrespectful neighbor says, "Rowayton is the only town where both sides of the tracks are wrong."

Catholic Vets Plan Banquet

Public Relations Head Will Speak

Elaborate plans are underway for the second annual banquet of Catholic War Veterans Post 741, of New Castle, scheduled April 15, at The Cathedral.

According to an announcement by Commander of the Post, Edward DeCarbo, Joseph Costanza, of Washington, D. C., chief of public relations in western Europe, will be the principal speaker of the evening.

Activities for the banquet will get underway at 6 o'clock, at which time a full course dinner will be served. Indications point to a large crowd which will attend since the affair is open to the public. Arrangements are being made to take care of 1,000 persons.

Taggart To Preside
Master of ceremonies this year will be Eugene Taggart, national executive officer of Washington, D. C. Mr. Taggart proved highly successful in this role last year, and was called upon to assume the task again this year.

Among the distinguished and honored guests to arrive are the following:

P. Kelly, Pennsylvania state commander of Philadelphia; Donald McQuade, Ohio state commander of Toledo, O.; James Frabrizio, second vice-commander of Ohio; John Stefanko, Pittsburgh, first vice-commander of Pennsylvania and Allegheny county commander; Pete Whalen, of Sharon, state commander aide of Pennsylvania; and Rev. Fr. Albert M. Inteso, chaplain of the Local Post 741.

Following the dinner, an informal dance will be held at the Cathedral. Al Colletta and his musicians to provide the pleasing dance selections.

Historian To Speak To College Students

Frederick T. Wilson, author, lecturer, and historian, will speak at Westminster college chapel Wednesday evening at 8:15.

Mr. Wilson has addressed more than 60 colleges in the three states of Pennsylvania, West Virginia and Virginia, and has filled speaking engagements in all 48 states.

Mr. Wilson has specialized in the subject of United States presidents. His lecture at Westminster will be on the subject "Accidental Presidents of the United States."

Of the 2,084,000 American soldiers who saw foreign service during World War I, some 1,390,000 saw active service at the front.

To Study Plan For Future Global Aid

WASHINGTON, March 28.—(INS)—Rep. Javits (R-N.Y.) Monday proposed an amendment to the Foreign Aid Bill which would create a committee to study America's global aid role after the Marshall Plan ends in 1952.

The proposed amendment is along the lines of the Post-Marshall Plan study urged by Sen. Vandenberg (R-Mich.).

The proviso would call for a 16-man committee to study "all measures which the United States may properly take without jeopardizing the soundness of its domestic economy."

Javits explained his amendment in a speech as the House continued general debate on the three and one-third billion dollar global aid bill. Attempts to delay consideration of the measure by time-consuming quorum calls were defeated when members remained close to their seats.

Supreme Court Refuses To Review Conviction

WASHINGTON, March 28.—(INS)—The supreme court refused to review the death sentence of David Almeida convicted of the murder of Philadelphia Policeman Cecil Ingling.

The law officer was slain during a holdup of a Philadelphia supermarket on January 30, 1947.

Almeida's attorney contended before the high tribunal that testimony was "suppressed" at the trial.

BANG!

Bang's disease is one that is sometimes found in cows or milk handlers. It is sometimes called undulant fever because it undulates. That is, it gets a little better and then worse.

There are some other diseases which seem to be like it around dairies.

Frequent testing of cattle helps to keep these diseases under control. Cleanliness of stables and milkers helps too.

Pasteurization is another good helper. Good clean milk is probably our best food.

Dissatisfied Bonus Recipients Have 60 Days To Appeal Case

HARRISBURG, March 28.—(INS)—Recipients of the soldiers bonus who are dissatisfied with the amount of their checks were reminded today that they have 60 days from receipt to appeal for review.

The same applies to those rejected for World War II compensation. The 60-day period starts

from the day the rejection is received.

Additional evidence in support of the applicant's claim along with written requests should be addressed to Clyde E. Rankin, director, World War II Veterans Compensation Bureau, Harrisburg.

Disallowances are confirmed by State Adj. Gen. Frank A. Weber before they are sent to applicants along with reasons for the determination.

If the original determination is upheld upon re-examination, the claimant has 14 more days to request a formal hearing.

Rankin said most dissatisfied applicants expected compensation

for service prior to December 7, 1941, or after March 2, 1946, or for periods of inactive status.

One of these non-computing factors was the case in practically all the 702 letters received complaining of underpayment since the first checks went out March 17, Rankin said.

If the amounts are found to be in error, the bureau advises applicants to cash their checks and write the bureau for supplemental payments, Rankin said. Additional payments will be made if substantiated.

Easter Thoughts Brought Rotary

Pittsburgh Attorney Is Speaker On Monday

Rotarians were addressed by Attorney C. D. Shrum, of Pittsburgh, past president of the Allegheny Bar association, at their luncheon meeting in The Castleton, Monday noon, when he spoke on the subject of "Our Easter Heritage."

Mr. Shrum urged his hearers to be more charitable in their thoughts, particularly towards their fellow men, and to refrain from labeling men with liberal views as Communists, simply because one does not agree with them. In attacking a monster, one must be careful, he asserted, lest he too become infected with the same disease.

Sees Hope for Future

The United States, he stated, was founded on a real sense of values: on the dignity of the human being and the personality and sacredness of the soul. It promised a reward to those who did an honest day's work.

The same hope that filled our forebears' marches today in Russia and in Hiroshima. The lights of the temple are coming on again, he stated. The strongest temporal power on earth is the 150,000,000 people in this country, united on a common front for good. This nation was made wealthy by God, and it must strive to restore the economic balance in the world.

The fact that Russia sends delegates to the United Nations, who vehemently argue against things on which she does not agree, he held is a hopeful sign. What this nation needs is more genius in statesmanship. Conditions demand more than our leaders have shown. Democracy, he said, maintains its strength not by weapons but what is in the hearts of men. The greatest victory in the making is that democracy will prevail without force of arms.

No matter how vexatious our present problems are, man can look forward to the greatest era in history. Rotary can help to light the way by being true to Rotary's ideals, he stated in conclusion.

Pastor Who Married Barkleys Takes Bride

GREENWICH, Conn., March 28.—(INS)—Methodist Bishop Ivan Lee Holt, who officiated at the wedding of Vice-President Barkley, took a bride himself in ceremonies at Greenwich Monday.

The 63-year-old St. Louis, Mo., bishop was married to Mrs. Hugh A. Carithers, 56, of Winder, Ga., club woman and social worker. The wedding took place at the home of Mrs. Carithers' daughter, Mrs. William S. Wellington.

Federal Judge Ivan Lee Holt, Jr., acted as best man for his father.

The ceremony was performed by the Rev. Dr. Ralph W. Sockman, minister of Christ Church Methodist in New York.

Methodist Preaching Mission Is Started

Dr. David Wesley Soper of Beloit college, Beloit, Wis., was greeted by a fine audience in the Epworth Methodist church Monday evening as the first in a series of Methodist preaching missions services got under way.

Dr. Soper addressed the appreciative audience on "An Exercise of Self Examination." Rev. A. C. Howe, the host pastor, directed the service with Rev. Everett Spring of the Wesley Methodist church leading in the evening prayer.

The speaker of the hour was introduced by James A. Gaiser, pastor of the First Methodist church.

Special music was fittingly presented by the Epworth church choir. Good congregational singing added immensely to the service.

The service Monday evening was started at 9:15 o'clock to give the workers in stores and shoppers the privilege of attending the meeting.

The meetings through the remainder of the week will start at 7:30 o'clock. The meeting tonight and Wednesday evening will take place in the Epworth church and then on Thursday evening move to First Methodist church, North Jefferson at North street.

Plans are being made by the Methodist pastors cooperating in the series, to have a union Protestant mass meeting Sunday evening at 7:30 o'clock in the First Methodist church. Dr. Soper has chosen to speak on "Saints and Strait Jackets."

The theme for this evening's service at Epworth as announced by Dr. Soper is "Christ Walks Among Us."

GIRL SCOUTS

Troop No. Three

Girl Scout troop No. 3 met for their regular meeting on a recent evening in First Christian church. Meeting opened with flag ceremony, with Patty Dixon carrying the flag. Joan Parker and Colleen Deiger served as color guards. Second class and tenderfoot Scouts practiced their requirements. Games were played and songs sung during the evening.

Girl Scout Troop 22 met in the Glen-Moore school, under the

leadership of Mrs. Redmond. Mrs. Whiting and Mrs. Johnson assisted with the meeting.

Scouts reported on the sale of cookies. Badge work was then conducted. Various games were later conducted under the direction of Mrs. Johnson.

A friendship circle closed the meeting.

Place Guard Over Accused Woman Slayer

SAN FRANCISCO, March 28.—(INS)—Authorities maintained a constant guard today over a 33-year-old military policeman who confessed strangling a pretty, dark-haired WAF sergeant at Hamilton Air base north of San Francisco.

The guard had been posted to prevent a possible suicide attempt by Lyle H. Buswell who admitted killing Sgt. Fairy E. Decker early Saturday during a drunken frenzy. The big-framed MP sergeant was arraigned on a murder charge yesterday before U. S. Commissioner Francis St. J. Fox in San Francisco.

The commissioner set his preliminary hearing for April 6th to give Buswell, a combat infantryman in World War II, time to get an attorney.

Buswell, his voice toneless denied again that he raped the 43-year-old woman sergeant—mother of a 22-year-old son. He said: "I couldn't have done anything worse than I did. I killed her that's all."

Autopsy reports indicated she was the victim of a sex attack.

Police 'Raid' Nets 9 Arrests

Gambling Charges Made Against Two

Albert Nader, East Reynolds street and James Davis, also East Reynolds street, were charged by city police today before Alderman C. L. Mantz with being the proprietor and keeper, respectively, of a gambling establishment on the second floor at 1207½ South Mill street. They waived the case to court.

They, and seven others, were arrested at 10:20 p. m. Monday, by police, headed by Lieutenants Jack Thompson and George Rigby. The seven were accused of being visitors, and have 10 days in which to plead innocent or guilty.

A policeman, obtained entry to the place and rushed for a table in a rear room. Some of the men allegedly seized greenbacks which were on the table. The policeman seized \$250, cash and a deck of playing cards from the table.

Some of the men attempted flight by a nearby roof but this proved futile and the nine were taken to police headquarters where all were liberated by putting of cash bonds.

This morning, Mayor John F. Haven in police court, ordered informations sworn to against Nader and Davis.

Churchill Doesn't Believe Another War Is Imminent

LONDON, March 28.—(INS)—Winston Churchill told the House of Commons today that he does not believe another war is imminent or inevitable, but he again demanded inclusion of Germany in the western defense system.

Churchill indicated that the destruction of another conflict will act as a deterrent, saying: "Neither side could prevent the fearful cataclysm which would mark the opening of another war."

Award Contract For Free Bridge Over Susquehanna

HARRISBURG, March 28.—(INS)—The State Highway and Bridge Authority today awarded a \$4,765,238 contract to the Booth and Fling Co., of Pittsburgh, for construction of the first free highway bridge over the Susquehanna river at Harrisburg.

The same company is now completing a four-lane bridge to carry the Pennsylvania turnpike over the river six miles south of Harrisburg at Highspire.

Work on the new bridge is expected to get under way some time in April. It is estimated traffic will be rolling over the span late in 1951. The bridge will link Harrisburg and Wormleysburg on the west shore of the river.

Extradition Of La Plante Is Arranged

SAN JOSE, Calif., March 28.—(INS)—The way was clear today for the return to Camden, N. J., of 53-year-old Frank La Plante, accused of kidnapping a teen age girl from her Camden home and living together with her as man and wife for nearly two years.

California Gov. Earl Warren signed extradition papers for La Plante yesterday and Camden county prosecutor Mitchell Cohen said he plans to leave San Francisco with La Plante today or tomorrow.

La Plante was arrested in San Jose last Tuesday and charged with violation of the Mann Act for transporting the girl across state lines for immoral purposes.

Caused Arrest

The child, attractive bobbysoxer Florence Sally Horner, caused his arrest when she telephoned a sister in Camden and told her to "send the FBI for me."

She claimed she lived with La Plante because she was afraid. She said she lured her away from home by threatening to turn her in for a petty theft he witnessed.

Federal authorities said they will drop the Mann Act charge as soon as La Plante is remanded to New Jersey authorities for prosecution on a kidnapping indictment. He had a number of sex offenses on his record.

May Have Been Good Answers

WASHINGTON, March 28.—(INS)—They have been good answers, but Ben Doby, 50, listed as a vagrant, is going to have a long time to think up better ones.

Ben was sitting in a parked car when another man came up and asked him what he was doing in the automobile. Ben said: "Waiting for a fella to come back and give me a job."

Then the stranger asked Ben whose cigarettes he was smoking. Ben replied: "The fella gave them to me."

At that point the stranger passed the boiling point. It was his car

and they were his cigarettes. The stranger was Policeman Charles A. Scott.

When Ben gets out he will be a bit more careful about the car he picks and the cigarettes he smokes.

Hunt Fisherman For \$4,500 Theft

NEW YORK, March 28.—(INS)—Police hunted a skilled fisherman today for the theft of two mink stoles valued at \$4,500 from a furrier in the lobby of the Waldorf-Astoria.

One of the stoles taken from the display window of Deir-Bacher, Inc., was a royal pastel valued at

\$2000. The other, described as a "breath of spring", was valued at \$2,500.

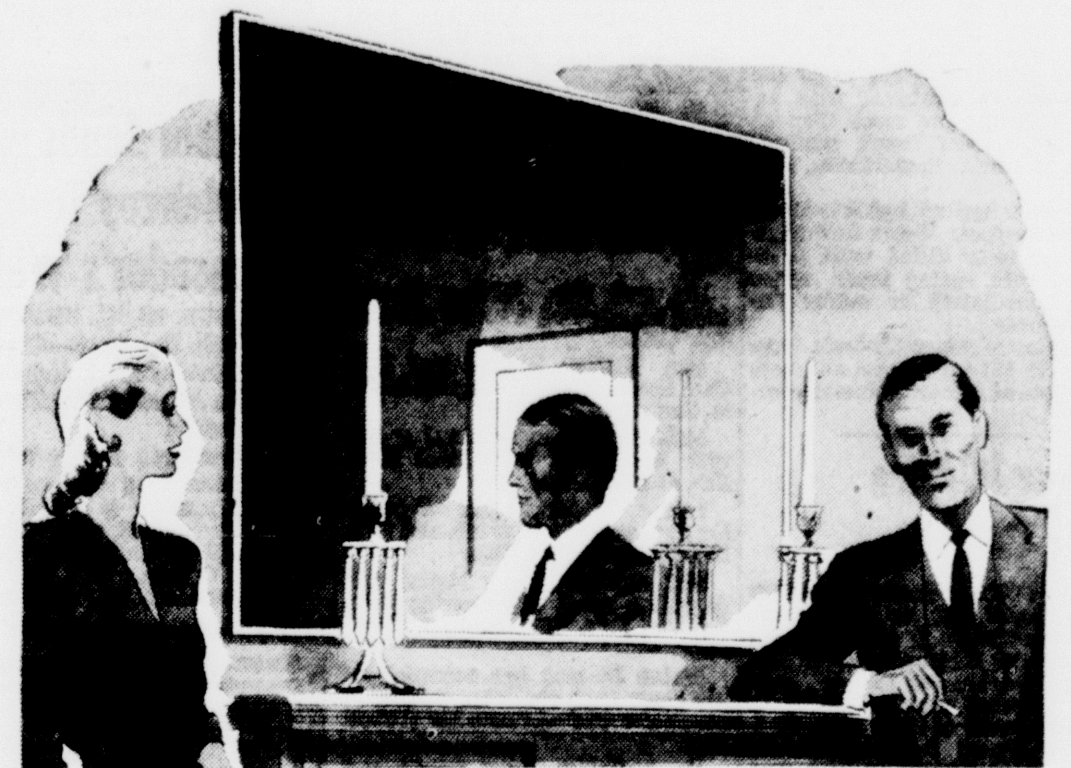

Police said the small diameter of the hole and the distance between the glass and the furs led them to believe the thief had used a rod and hook.

Whale oil today is valued for glycerine, soaps and creams. Some peaks of the Andes are more than 20,000 feet high.

Spring Fever Epidemic Infects Local Citizens

The "deadliest of illnesses has struck the nation, sweeping New Castle in its path!

Have you noted the feeble, listless manner in which people barely drag themselves about? What has caused the life to be drained from everyone? All thoughts leave the brain, arms and legs become weak and unable to move. Once again "spring fever" has stalked its prey! Several simple cures have been found to overcome this dreaded disease.

The first, and easiest, is to find the nearest comfortable chair and remain there until all symptoms have vanished. Only then will you be fully recovered and able to work again.

If you are the athletic type you will cure the fever by a fast game of tennis or a round of golf. The sluggish feeling in your arms and legs seems to disappear with activity, although not more than an hour before you found yourself unable to work. Remarkable, isn't it?

It is not inherited, but it is found to be contagious. If you find yourself in a room filled with those infected with spring fever, either leave immediately or suffer the consequences.

This plague generally lasts from late March till early June, although some signs of it may be found year-round!

Tanker Is Afire After Collision

NEW YORK, March 28.—(INS)—Fire broke out on the tanker Gulf Moon when it collided with the freighter Brant County in fog-ridden Delaware bay today.

The collision occurred about 13 miles southeast of Cape May, N. J. Coast Guard headquarters in New York announced at noon that while the tanker was afire neither ship was in immediate danger.

Three Coast Guard craft were sent to the scene. They were the cutters Sassafras and Lillac and an 83-foot patrol boat.

President Sends Condolences To Ambassador's Widow

U. S. SUB BASE, KEY WEST, Fla., March 28.—(INS)—President Truman divided work and rest today in the second week of his Key West vacation.

The President sent a telegram of condolence to the widow of U. S. Ambassador to Canada Laurence A. Steinhardt, who was killed in an airplane accident this morning near Ottawa.

The President was informed of

the accident by Secretary for Air W. Stuart Symington, who telephoned to Key West.

The President signed several bills and executive orders during the morning.

One was H. R. 7207, the urgent deficiency appropriations bill providing deficiencies of \$739,653,500 for the fiscal year ending June 30.

RECORD CROPS

PHOENIX, Ariz.—(INS)—Arizona farmers have broken previous records for crop acreage harvested, volume of crop production and total value of principal crops for the third consecutive year. The state office of the federal crop reporting service reported that Arizona's bumper cotton crop was largely responsible for the record totals. Overall value of principal crops was estimated at \$163,000,000—despite substantial price declines for most items.

Live Explosives Are Turned Up

ATLANTA, March 28.—(INS)—A team of explosive hunters in fashionable North Atlanta came up with a rich haul and a stern warning today.

Crews using mine detectors found two 100-pound practice bombs, two 70-MM. recoilless rifle cases, four 81-MM. mortar shells, one 57-MM. mortar shell and two 57-MM. recoilless rifle projectiles.

The search was launched after two youngsters on a treasure hunt discovered a live land-mine, two anti-tank target grenades, a fragment bomb and a 77-MM. shell. R. J. Joyner, of the Federal Alcohol Tax Unit Criminal Investigation Division, warned all citizens against keeping live explosives as Army souvenirs.

May Establish New Erie County State Police Sub-Station

HARRISBURG, March 28.—(INS)—Pennsylvania State Police officials today are considering establishment of a sub-station in Millcreek township, Erie county.

State Police Commissioner C. M. Wilhelm said he directed Capt. A. J. Hudock to interview township supervisors in connection with a suitable location for the building. Hudock is in command of the district which includes Erie county.

Millcreek township residents requested a state police sub-station be set up in the area, according to Wilhelm.

Co-operative Corporations pay little or nothing in federal income taxes on the profits they make from the more than \$17 billion in business they do every year. Together with other income tax-exempt commercial enterprises, they are permitted to dodge close to one billion dollars in federal income taxes annually. Every taxpayer should urge his Congressman to help put a stop to this tax-evasion NOW and use the new revenue to repeal some and reduce others of the wartime excise taxes. Communist Given Chance To Protest

By SAM FOGG
(U. S. Staff Correspondent)

WASHINGTON, March 28.—One of the 11 convicted communist leaders was given opportunity to appear before the house un-American activities committee to oppose legislation drastically curbing his party.

The Communist party spokesman invited to appear is Henry Winston, who was found guilty by a New York jury of conspiring to teach the overthrow of government by force and violence.

Expected To Condemn
He is expected to condemn vigorously two communist-control bills being considered by the house group. One measure, sponsored by Chairman Wood (D) Ga., would bar communists from holding jobs with the government or in defense industries.

The other—the Mundt-Ferguson-Nixon bill—would require Communist party members to register with the justice department and would provide a jail sentence and a fine if the party failed to break its ties with the international Communist party movement.

Winston, who is organization director of the U. S. Communist party, is free pending the appeal of the leadership's conviction. He faces a jail sentence of five years and a \$10,000 fine.

In addition, the committee is scheduled to hear Arthur Garfield Hays on behalf of the American Civil Liberties Union who opposed the communist-control legislation in the 80th congress.

Lenora, composed by W. H. Fry and produced in Philadelphia in 1845, was the first American grand opera.

Girl Reports She Was Chased By Man

A 13-year-old seventh ward girl had a harrowing experience at 8:30 p. m. Monday when she was pursued by a man while en route to visit a relative. She fled to the home of an aunt.

According to the aunt's report to police, the man stepped from behind a tree and exclaimed: "Come here, little girl." Frightened, the girl fled. The man ran after her but left when she reached her aunt's home.

During the past two weeks there have been other incidents of women and girls being annoyed by men on foot and in autos, police report.

Janitor Will Be Witness

To Testify In Murder Trial

By PATRICIA BRONTE
(U. S. Staff Correspondent)

IOWA CITY, Ia., March 28.—A university janitor who once offered Robert Bednasek and Margaret Ann Jackson a hideaway where they could study privately will testify today for the defense seeking to clear the student of a charge of murdering his co-ed sweetheart.

The janitor will tell how he repeatedly shooed Bednasek and the slain "Gee Gee" out of library corridors where they were "trying not to be seen" and finally offered them his own tiny office for a study room.

A number of students also will testify today—the 11th day of the Iowa City trial. They are expected to round out the husky 24-year-old defendant's story of an enraptured love affair with the popular sorority girl.

To Call Physicians
Two physicians will be called, probably in the afternoon, to try to disprove state testimony that pointed to strangulation "of great force by a man's hands" when the co-ed died last Dec. 11 in a dingy off-campus rooming house.

Bednasek, a student of abnormal psychology at the University of Iowa, will take the stand tomorrow as his own star witness.

The Cedar Rapids, Ia., youth, a former merchant seaman, will recall for the jury of eight men and four women what he remembered about the last date when administered sodium pentathol, "truth serum." Bednasek told authorities when Margaret was found dead that he had "blacked out" and didn't remember what happened.

The prosecution, which rested its case yesterday, contends that Bednasek killed the girl he loved "more than anything else in the world" in a jealous rage because he thought he was losing her. The defense insists the slaying was accidental.

Far Eastern Chief Under Investigation

WASHINGTON, March 28.—A Commerce department spokesman disclosed today that Michael J. Lee, the department's Far Eastern chief, is now being investigated on loyalty grounds.

Thomas C. Blaisdell, Jr., assistant secretary of commerce, told a Senate Commerce subcommittee that the department's loyalty board began hearings March 9 after the FBI forwarded it a report on Lee last Feb. 23.

He said the hearings have not been completed. Blaisdell added that the department's board of grievance appeals also is studying charges that Lee did not carry out his administrative duties "properly."

Blaisdell told the committee, headed by Sen. Hunt (D) Wyo., that the Presidential order against releasing loyalty information prevented him from disclosing the allegation against Lee.

James Thompson Gets State C.E. Position

James Thompson of the city, superintendent of the Central Presbyterian Bible school, has been elected as first vice president of the Pennsylvania Christian Endeavor Union. The election took place at the convention which just closed at Somerset, Pa.

Paul Hurley of Duncannon is the new state president of the organization. Other officers were elected during the convention.

IF YOU'RE PALE AS A GHOST!!

When your skin has a pallor (sallow complexion) with that faded-out look, or your nerves are jaded and you have that "all-in" feeling, it is usually due to one thing, that is:

BLOOD POVERTY

Your blood cells may be fagged-out or shrunken, and you might not realize it. Even if you eat the "best" foods you may not be getting all the good out of your meals simply because you have SLOW Digestion, without knowing it (or gassy stomach) and as a result you are a victim of Blood Poverty! In other words, your blood is not getting the fullest good out of what you eat. So your blood-cells become worn-down and you have only half as much energy as you really need, you get up in the mornings still tired, and your nerves become dull.

Hundreds here in New Castle suffered with "faded-out" blood and stomach gas until they got CERTA-VIN. This is the new medicine containing 12 Herbs blended with Vitamin B and Iron; you take it before meals and it works with your food. Benefit comes quickly. Your food digests FASTER, with less gasiness, and you get more good out of your meals. In a few days your blood is energized with new red cells and your nerves become stronger. Weak, rundown people tell us they soon feel different all over. And best of all, our price on CERTA-VIN is reasonable. You can actually take this New, modern medicine for only a Few Cents a Day! So don't go on feeling half-sick and half-well. Get Cert-Vin at any drug store in New Castle, or nearby towns.

Man Injured In Crossing Accident

Julius P. Sterchele, 604 South Eighth street, Vineland, N. J., received chest and rib injuries yesterday while an occupant of an auto which was struck on the Grant street crossing by a P.R.R. train, the engineer of which was C. S. McCracken. The auto was damaged.

According to N. Giacomo Biasi, same address as Sterchele, he was driving east on the crossing when he noticed a west-bound train approach. He "gassed" his car, and its momentum shoved a preceding auto off the crossing. However, the train struck the right rear of Biasi's car. The impact threw Sterchele against the side of the car, causing his injuries.

Clues Lacking In Pittsburgh Woman Slaying

PITTSBURGH, March 28.—(INS)—Some 60 Pittsburgh police officers admitted being on a cold trail today in their efforts to find the killer who fired a .32 caliber bullet into the head of Josephine Sanfilippo.

Her body was found less than two blocks from her home Sunday night. The 38-year-old seamstress had been bowling previously at a North Side neighborhood bowling alley.

Police have not been able to find Miss Sanfilippo's navy blue cordary purse which the killer or killers apparently snatched. But they did find the contents of the purse—a wallet, bracelet and compact.

Policewoman Catherine Mitchell will be given a hearing today to answer charges of neglect of duty in not reporting immediately that her grandson had found the items Sunday night. Miss Mitchell, according to police, did not report the discovery until Monday morning.

Police, aided by firemen, had searched the neighborhood late Sunday night in an effort to find either the purse or the murder weapon.

Rev. Byers Called To Church At Enon

Rev. W. J. Byers, retired Presbyterian minister and pastor of the Newhammock Presbyterian church, New Wilmington for 16 years prior to retiring, has been called as the pastor of the Enon Valley Presbyterian church.

The Enon Valley church congregation assembled on Sunday morning for the purpose of moderating a call to Rev. Byers. Rev. W. J. Holmes of this city, retired Presbyterian minister, moderated the call. The call was presented after careful consideration Mr. Byers has been serving as stated supply for the church for the past seven or eight months.

The call will be presented to Mr. Byers at the April meeting of Shenango Presbytery which will take place at Sharpsville.

Jersey Breeders To Have Meeting

On Wednesday evening, March 29, at 8:15 o'clock, a meeting of the Western Pennsylvania Jersey Breeders Improvement Association will take place in the Wilmington Grange hall.

The speaker will be Dick Dunklee, field director of the Northeast district of the American Jersey Cattle Club.

A program especially interesting to 4-H Club and F.F.A. members in this area has been arranged, but anyone interested in the Jersey Cattle breed is invited to attend.

Refreshments will be served at the close of the meeting.

Thinks Russia Will Provoke War With U.S.

WASHINGTON, March 28.—(INS)—A top United States submarine expert expects today that the next war may be fought on American soil.

Rear Admiral Charles B. Momsen, assistant chief of naval operations for undersea warfare, also declared that "it appears almost certain" that Russia intends to provoke war with the U. S.

Momsen disclosed that the navy is building its anti-submarine defenses for future war around "a new type of submarine called the SSK—the submarine killer."

He told a meeting of the American military engineers: "A group of world forces dedicated to the enslavement of man opposes our leadership. It appears almost certain that they propose to resolve this difference by force of arms."

"Just when we do not know, we can be reasonably sure, however, that a dictator will not move until he believes that the cards are properly stacked in his favor."

Momsen warned further that "as the range and speed of aircraft continues to increase there will, of course, be a probability of enemy action on our soil."

SUICIDE REPORTED
PITTSBURGH, March 28.—(INS)—The suicide death of a 41-year-old Uniontown, Pa., man whom relatives said had been suffering from a nervous disorder, was reported in Pittsburgh yesterday.

Police said William Laclaire shot himself outside a Pittsburgh grade school with a .38 caliber revolver. He had left his home in Uniontown early yesterday without saying where he was going.

Some theologians estimate the date of creation was around 4004 B. C.

Susquehanna River Near Flood Stage

HARRISBURG, March 28.—(INS)—Above flood-level stages are expected today to hit several points along the north branch of the Susquehanna river.
Federal-state flood forecasters at Harrisburg said the river is expected to crest one foot above flood at several points including Towanda and Wilkes-Barre.
Heavy rains atop melting snow in northern tier counties and New York are blamed for the swell. Threatened areas are being pinpointed but flood forecasters said "as far as we can see there is no real danger of damage except possibly some lowland flooding."

POTATOES ANALYZED

DAVIS, Calif.—Fertilizing a potato field will produce more potatoes, but they won't be any richer than if you didn't, says Dr. O. A. Lorenz of the College of Agriculture here. He analyzed chemically the potatoes from fertilized and unfertilized fields. Spud for spud, he found that they had about the same content of nitrogen, phosphoric acid and potash.

DRIVER IS HELD

William J. Newswonder, West Pittsburg, was arrested by police at 2:10 a. m. today after a car he drove crashed into an auto driven by Alderman B. J. Biondi at South Mill and Division streets. Both cars were damaged badly.
Examined at police headquarters, Newswonder was found intoxicated, according to the city physician.
He was charged by Police Captain W. G. McMullens with the offense today before Alderman C. L. Mantz. He waived his case to court.

1949 ANNUAL REPORT
ERIE RAILROAD COMPANY

profits through service... and foresight!

THE ERIE RAILROAD'S 1949 Annual Report shows that average prices for fuel and supplies for the railroad more than doubled in the last ten years. Wages have almost doubled in the same period—92% to be exact.

Yet, the charges made for its transportation services have increased only about half of the above figures!

That would make a poor picture for profits if the Erie had not had the foresight to invest heavily in improvements that increase operating efficiency and cut costs.

A Record of Progress
Last year, the Erie invested almost \$30,000,000 in building a better railroad, including the addition of 84 diesel locomotives. Currently, 82% of all Erie's passenger mileage and 66% of its freight mileage is being operated by this modern type of locomotive. Operating efficiency, as measured by the number of gross tons moved by the average freight train for each hour it is on the road, was the highest in the Company's history.

It is this constant effort of the Erie to keep building a better railroad that has given the public better service and at the same time made profits possible. Profits and progress go hand in hand.

For 1950, Erie hopes to continue its progressive policy that has resulted in earnings good enough to give Erie stockholders an annual dividend without fail during the past eight years.

Armed Forces Program Is Being Planned

Members of the Military Manpower committee of Lawrence county met with Major T. L. Alexander, area project officer, Monday afternoon in the Post Office building to discuss plans for Armed Forces Day, to be observed May 29.

This will be the first Armed Forces observance replacing the separate Army, Navy and Marine Corps days that have been observed in the past. Motto for the occasion is "Teamwork for Defense."

George Gettings, chairman of the committee was in charge of the meeting, with representatives of the city and county schools, churches, veteran's administration, business college, Army, Navy, Marines and reserve organizations present.

Tentative Schedule

A tentative schedule was set up as follows for the week:

Sunday, May 14, church services. Wednesday, May 17, luncheon with well-known national figure as speaker.

Friday evening, May 19, parade. Saturday afternoon, May 20, open house at the Armory and other organizations.

Manning Weller was elected chairman of the week's program; J. C. Wachtman was elected parade marshal; William Lanagan was named chairman of the speakers' committee and Arnold Barnsley was appointed music chairman.

It will be a civilian show, conducted by and for the civilians of the community. One of its main purposes is to bring home to the civilians their importance in the national defense setup.

Next meeting of the group will be announced at a later date.

Extension Group To Have Meeting

Scott Township Extension group will have a meeting in the Liberty Grange hall Thursday, March 30, starting at 10 a. m. The meeting will last until mid-afternoon.

Foods and textile painting will be discussed and Miss Patricia Kelley, Home Economics Extension worker, will be present to lead the discussion. Anyone interested in these subjects is welcome to attend the meeting. It is announced.

Scott Township School To Give Novelty Program

Members of the band and orchestra groups of Scott township school will present a novelty show in the Liberty Grange hall Friday evening, March 31, at 8 o'clock.

The Bee Center Silver Cornet band hopes to have the much coveted honor of playing for Old Settlers Day. Due to many reverses and stiff competition from the Oskyoosky band, it is doubtful if they will be successful. Added to all their other troubles, the "unwanted" female members of the organization cause considerable confusion by trying to modernize the band. Finally when things are at the worst and hope is almost gone, there is a ray of hope. All is well that ends well but does it? That is the question which the audience must decide.

The cast includes: Hank Jackson, Richard McFarland, Icy Skinner, William West, Sam Beater, Gaylord Brown, Heck Hopper, Robert Johnson, Seth Harper, Earl Heckathorn, Josh Hopkins, Dale Brown, St. Higgins, Hugh Forbes, Elmer Smith, Charles Peak, Bill Williams, Peak, Joe Donald, Kream, Ole Svenson, Clair McCracken, Junior Hopkins, Charles Didison, Professor Ivabinsky, Robert Gray, Jack Brown.

Girls of the band include: trumpets, Bernadette Gempner, Verda Turner, Phyllis Livingston and Dolly Brown; clarinet, Marilyn Kameron.

Vocalists are Lillian Brown, Shirley Brown, John Book, Marilyn Forbes, Edvye Harlan, Jessie McCracken and Shirley Macom. The program is under the direction of Mrs. Esther Eakin, music supervisor.

Congregationalist Men Will Conduct Mid-Week Service
On Wednesday evening at 7:30 o'clock, at the First Congregational church East Reynolds street, the mid-week devotional service will be in charge of Deacon Isaac Isaac. The men of the church will give special music selections.

The theme to be discussed by the pastor, Rev. T. J. Jones, will be "The Sword of the Spirit." Considerable interest has been shown by the membership throughout the Lenten season, and a large attendance is expected this Wednesday evening.

Seventh Ward Church Young Folks Gather

C.E. Group Plans For Summer Camp

At the Young People's Christian Endeavor meeting of Mahoningtown Presbyterian church on Sunday evening, Don Weisbaker conducted the devotional exercises. Bill Bollinger led the group singing.

The group was divided into two teams, and a Bible quiz was held, having to do with Old Testament characters. The team captained by Miss Audrey Peters gained the most points in the contest.

At the business session, in charge of Bill Bollinger, reports were given by several of the group on their progress in a fund raising campaign for an event to be given in the Sunday school room on April 29. Proceeds will be used to enable a number of the church young folks to attend an undenominational camp this summer in New Jersey.

Ward Sewing Circle Marks Anniversary

In St. Margaret's hall, North Liberty street, members of St. Margaret's Sewing Circle met recently.

Sewing was the main diversion of the evening. Games were also played, and the door prize was won by Mrs. Anna Domenick.

The wedding anniversaries of Mrs. Rose Mash and Mrs. Margaret DiThomas were celebrated, each receiving a shower of towels. Mrs. Doris Masters and Mrs. Charlotte Mora, the hostesses, served tasty refreshments.

Next meeting of the group will be Thursday evening, April 20, in the hall. Hostesses will be Mrs. Jennie Rainey and Mrs. Rose Zarilla.

Modern Eight Club Husbands, Guests

Members of the Modern Eight club gathered on Saturday evening for a banquet with their husbands as guests.

They enjoyed a splendid chicken dinner with all the trimmings at 6:30 o'clock in a local tea-room.

After the dinner the group adjourned to a suburban night club. Later, a tasty lunch was served them in tea-room.

Mrs. Mary Rozzi of 1131 Dewey avenue will entertain the club at her home on Tuesday evening, April 11.

Visiting Daughter In California

Mr. and Mrs. William R. Bollinger of 104 West Madison avenue have left for Buena Park, Calif., where they will visit for a few weeks with their daughter and son-in-law. Dr. and Mrs. J. W. Star and their new grandson.

SEVENTH WARD NOTES

This evening at 7 o'clock members of Boy Scout troop 4 will meet in the basement of Mahoning school.

Girl Scout troop 30 will meet Wednesday afternoon after school sessions at Mt. Jackson high school.

Mr. and Mrs. S. F. Turk of North Liberty street have left for Cleveland to visit their son Louis and family.

Mrs. Pauline Fire of Lowellville, O., and Mrs. Ida Marino of Niles, O., visited Sunday at the home of Mr. and Mrs. Frank Perrino of 19 North Cedar street.

Dr. Edwin F. McBride of West Madison avenue has been returned to his home from Jameson Memorial hospital, where he underwent an operation and is getting along nicely.

Mr. and Mrs. Chris Antoline and daughter Lorraine have returned after concluding a visit with Mrs. Antoline's parents, Mr. and Mrs. G. Dan Rainey of Darlington avenue.

Miss Christine Tommasone has returned to Cleveland after visiting at the home of her sister and brother-in-law, Mr. and Mrs. Sylvester Domenick of 316 West Madison avenue.

Mr. and Mrs. Mike Tommasone of 616 North Cedar street have returned after visiting with the latter's brother, who is confined to a hospital in Massillon, O. He is slightly improved.

Mrs. Victor Huff of 604 North Liberty street has received word that her sister-in-law, Mrs. John Slaven, of Lowellville, O., who underwent an operation about two weeks ago at North Side hospital, Youngstown, is steadily improving.

PLANT FIRE DAMAGED

EAST LIVERPOOL, O., March 28.—(INS)—A fire which caused an estimated \$150,000 damages at the nearby Summitville Face Brick company was believed today to have been caused by an exploding gas line.

Six fire companies from adjoining towns and townships fought the blaze yesterday and saved the clay room, power plant and a tunnel kiln building.

Burning Trees Call Firemen

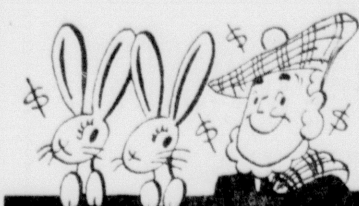

New Castle firemen went racing to the Margaret Henry Home Monday afternoon at 4:15 o'clock when an alarm was turned in from the box at the home.

It was found that a large pile of Christmas trees, which the boys at the home had gathered and stored in a spot down over the hill from the home had been set afire and were blazing merrily and endangering surrounding property.

No loss occurred, however, Fire Chief H. F. Steinbrink stated.

Execution Date Set For Three

HARRISBURG, March 28.—(INS)—Gov. James H. Duff today fixed the week starting June 26 for the electrocution of three Philadelphia youths who were convicted of murdering a Feasterville man during an inn robbery in December, 1947.

Harold Foster, 25, and Harry Zeitz, 25, were tried and found guilty by a Bucks county jury on June 5, 1948, of slaying William Kelly, 38, after holding up the Feasterville Inn.

David Darcy, 24, an accomplice,

was tried separately and sentenced to death for his part in the murder.

The Philadelphians were alleged members of a gang of youths accused of nine holdups and eight shootings.

A jury of eight men and four women deliberated less than two hours in finding Zeitz and Foster guilty of first degree murder with recommendation for the death penalty.

All three defendants appealed to the state supreme court which upheld the decision of the lower court.

Darcy carried his case to the United States Supreme Court but his petition was denied.

Wampum Team Is Given Honor

Rotary Club Fetes
Section 24 Champs

Wampum Rotary club honored the Wampum high school basketball team Monday evening at a banquet in the Presbyterian church.

Howard Gills, assistant football and basketball coach of Ellwood City high school, spoke to the team and members about sports listed three times on which a championship is based:

1. Hard work by everybody concerned—players, coaches, school officials, parents, etc.
2. Moulding of good habits.
3. Service to everyone.

Mr. Gills discussed the benefits of sports to the boys and the community and explained how sports fits into our every day life. John Kuiken welcomed the team for the club and Coach L. Butler Hennon gave a response for the Section 24 champions.

Team members present at the banquet were:

Don Schena, Albert Armatorio, Caesar Craine, James Scala, Donald Kwolek, Paul Johnson, John Novalesi, Louis Miller, Charles Krueger, John Rychlicki, Jack Maher and Bruce Bingham.

Schena, Armatorio, Scala and Kwolek, all regulars on this year's team, will graduate in June.

No Leniency For Traffic Tag Infringers

PITTSBURGH, March 28—(INS)—Pittsburgh Traffic Magistrate John H. Donahue today promised he will grant no leniency to motorists who have ignored traffic tags after April 1.

After that date, warrants will be issued for the arrest of delinquent traffic violators who will have to pay a fine and costs in full or post a forfeit, double the amount of the fine and costs, pending a traffic court hearing.

Otherwise, Donahue warned, the violator will be lodged in Allegheny county jail. Donahue added that he wants it distinctly understood tags cannot be "fixed."

The United States has engaged in 28 wars, including World War II.

First Rain-Making Experiment Near In New York Area

NEW YORK, March 28—(INS)—Nature dumped a billion and a quarter gallons of water in New York's reservoirs yesterday and man will attempt an encore today in the city's first rain-making experiment.

After weeks of planning and preparation two police department planes will fly to the Catskill mountains to seed rain-bearing clouds with pellets of dry ice.

One of the planes will carry Dr. Wallace E. Howell, Harvard university meteorologist and director of Manhattan's \$50,000 project to overcome the critical water shortage.

He will be in contact with the second plane by radio in directing the experiment on which rests hopes for averting severe water restrictions when hot weather arrives next summer.

Lightship Ambrose In Harbor Approach At New York Rammed

NEW YORK, March 28—(INS)—The Coast Guard reported that the lightship Ambrose, a familiar beacon to millions on the approach to New York harbor, was rammed and pierced today by the Grace Line's cruise ship Santa Monica.

Five Coast Guard cutters sped through fog to the aid of the lightship anchored off Sandy Hook, N. J. The Ambrose was leaking from the damage of the collision and it was decided to tow the lightship to port.

The Santa Monica was undamaged and proceeded on to her North river pier.

The Ambrose will be taken in tow for the Coast Guard repair base at St. George, Staten Island, by the cutter Mariposa, pending arrival of a relief lightship.

The Coast Guard said there were no casualties among the 15-man crew of the Ambrose which was hit in thick fog.

NEW RUSSIAN PROPAGANDA DRIVE AGAINST U.S.

(Continued from Page One)

Klimov led the offensive, keynoted on the following allegations:

- 1.—A secret agreement exists between Chiang Kai-Shek and the United States for shipment of arms to the Nationalists.
- 2.—The United States plans to seize Formosa under pretext of turning it over to U. N. supervision after collapse of the Nationalists.
- 3.—American and Japanese fliers are being used for the bombing of Chinese mainland cities under the protection of U. S. authorities.

The two Russians based some of the charges of reports they claim to have received from the official Communist Chinese news agency and the Shanghai newspaper Ta Kung Pao.

Charge Secret Agreement
The Russians also charged that the "secret" agreement between the Formosa regime and the U. S. provides for a transfer of sixteen naval ships to Chiang Kai-Shek. Also, arms and equipment for five divisions; repair and maintenance machinery; the transfer of funds previously earmarked by Congress for Nationalist China of approximately \$90 million.

Klimov quoted the Chinese news agency as charging that American bombers which are currently raiding Shanghai and other mainland points are manned by American and Japanese aviators. He said that in the period between January 7 and February 10, six raids occurred. He placed the casualties at 863 killed and thousands wounded.

Western delegates at U. N. are inclined to view the Soviet allegations as aimed at smoke screening recent accusations by Nationalist China in U. N. that Russia is swallowing Manchuria and Sinkiang province under secret deals with Communist leader Mao Tse-Tung.

L.D.K. SOCIETY
ENJOYS PROGRAM

L. D. K. Missionary society enjoyed a tureen dinner in Third United Presbyterian church Monday evening.

Mrs. Thomas Coultas conducted devotions, Miss Betty Smith sang "Bless This House" and "I Love Life" with Mrs. George Streiber as accompanist. Miss Mabel Koecher reviewed the book, "People by the Dozen."

Mrs. George Glass, retiring president, thanked her officers and committees for their cooperation of the past year. Mrs. Coultas, incoming president, assumed her duties, while Mrs. Lloyd Gill was appointed as a delegate to the City Rescue Mission's auxiliary.

A special offering was taken for the Beaver Valley Presbyterian's spring shower gift to help in securing an elevator for Frenchburg hospital.

Mrs. J. Paul Graham, East Washington street, will entertain Monday evening, April 24.

Marr Forty Niners

Mrs. Roy Baynham, Youngstown road, was hostess to members of the Marr Forty Niners club at her home.

An enjoyable evening was spent chatting and playing cards with high score prizes being won by Mrs. Martha Walsh and Mrs. Frank Biddle.

Refreshments were served by the hostess. The next meeting will be held at the home of Mrs. Bill Biddle.

Robert Capitola Graduates From Mortuary School

Robert Capitola of Leasure avenue was graduated as mortician Sunday afternoon in ceremonies conducted by Pittsburgh Institute of Mortuary Science, Inc.

Mr. Capitola completed a one-year course, graduating with high honors. He plans to serve his apprenticeship at the present time.

Attending the exercises, which were conducted in St. Peter's Episcopal church, Pittsburgh, were his wife, Mrs. Robert Capitola; his mother, Mrs. Peter P. Capitola, and sister, Miss Mary Capitola of New Castle.

SCOTT TWP.

Mr. and Mrs. Clyde McFarland and daughter, of New Castle, were recent guests of Mrs. Minnie McFarland.

Owing to the inclement weather, only ten ladies attended the Ladies Missionary Society of the Unity Baptist church on Thursday at the home of Mrs. Lavilla McFarland. Mrs. Don Fleming led the devotions. Much of the sewing was finished. The business meeting was in charge of the president, Mrs. Dorothy Marshall. Plans were made to clean the church in April. A long and very interesting letter was received from the Hammonds, and read by the group. A fine tureen dinner was served at noon.

Mr. and Mrs. Merle McDevitt and son, were callers in Slippery Rock last Friday.

The Harlanburg W.C.T.U. met last Thursday at the home of Mrs. Mildred Allison.

Mr. and Mrs. Francis McCracken had as their guest on Sunday, their son, Everett and family, of Enery.

Mrs. Bertha McCracken is spending some time in Allegheny county visiting friends.

Miss Mary Copper is a patient in the Jameson Memorial Hospital. The Young Ladies Bible class, of Mt. Hermon church, was entertained on Monday evening at the home of Mrs. Francis Bosk.

Mr. and Mrs. George Double, of Harbor, visited recently at the home of the former's brother, Albert Double and family.

Mr. and Mrs. R. T. Kerr, attending the young married class meeting of the Calvary Gospel Tabernacle in New Castle, David Clark, a special guest, gave a very interesting talk on the Navajo Indians.

Mrs. Margaret Patterson has returned to her home in Sharon, after a week's visit with her brother, Mr. and Mrs. A. E. Double.

Mr. and Mrs. Fred Pratt and daughter, spent Thursday in Pittsburgh.

Think Woman Has Inkling Of Willie Sutton's Whereabouts

NEW YORK, March 28—(INS)—Mary Corbett was questioned again by police today who are convinced that Willie "The Actor" Sutton's former landlady has at least "an inkling" of his whereabouts.

Also being questioned in the search for the notorious robber were two of Miss Corbett's brothers, whose names were not disclosed by the Queens county district attorney's office.

Miss Corbett, an attendant at Staten Island's Seaview hospital and a poor farm, where Sutton worked as a porter under the name of Edward Lynch, is being held in \$50,000 bail as a material witness.

Sutton, one of America's "ten most wanted" criminals, disappeared after directing a \$64,000 bank holdup.

Alleged Extortion Ring Members Held

ALTOONA, Pa., March 28—(INS)—Cooperation between Altoona and Johnstown, Pa., police was credited today for cracking an alleged extortion ring which has been operating in the central Pennsylvania area.

Johnstown police are holding two Altoona men, Louis Maria, 30, and David R. Iacovetti, 32, under \$2,500 bail each in connection with the robbery of a Blair county man. They were picked up in Altoona.

Altoona police have apprehended Pittsburghers Samuel Clark, 44, and Paul Tardy, 32, on separate charges. Clark is being held on \$12,500 bail on charges of armed robbery and kidnapping. Tardy has posted \$2,500 bond on a charge of conspiracy to extort, according to police.

Charles R. Griffith, Johnstown police chief, said the four men are implicated in an attempt to extort \$5,000 from Charles Fissel, 50, of Newry, Pa.

The attempted extortion, according to police, followed a dice game in a Johnstown club.

NEW DRIVE IN SENATE AIMED AT ACHESON

(Continued from Page One)

about fellow travelers and Communists in the State department, should answer before it winds up its inquiry.

Bridges demanded that Acheson be called before the Tydings subcommittee for questioning about "who is the master spy" who is wrecking U. S. efforts for peace.

The veteran GOP legislator also asked the committee to call one-time Assistant Secretary of State Adolph Berle for questioning about a statement to the House Un-American Activities committee that "a pro-Russian clique" existed in the State department.

Berle once blamed the "clique" for ending his State department career, and in Capitol Hill testimony said that Alger Hiss belonged to it.

Demands Answers

Bridges demanded also that the Tydings committee find out:

1. Who allegedly kept Gen. Lawrence S. Kuter from getting to President Roosevelt at Yalta with the message that Japan was defeated and with the military advice not to make a deal with Russia or unneeded aid?

2. Who was responsible with the recommendation that allowed convicted Russian spy Valentin Gubitchev to go free and return to Russia?

3. Who prevented the FBI from arresting alleged atomic spy Arthur Adams, who eventually escaped surveillance and presumably escaped to Russia?

4. Who got Owen Lattimore—accused by McCarthy as a subversive—and Dr. Frederick Schuman as speakers to indoctrinate foreign service employees?

5. Who "so cleverly distorted" U. S. policy in China that this part of Asia became "Stalin's playground"?

Supervisors
Ask Bridge AidCoffee Run Bridge
Said To Be Unsafe

Mahoning township supervisors appealed to the county commissioners Monday for aid for the Coffee Run bridge in that township.

The supervisors claim the bridge is unsafe and should be repaired immediately to avoid possible trouble. The headwalls are said to be in bad repair and the supervisors believe the repairs would cost between \$3000 and \$6000.

They were advised to prepare a petition to the court and if the court orders the repairs made the commissioners will make them within a short time.

Oak Streeters
Plan Gathering

At a meeting of the executive committee of the Oak Streeters association, composed of former Oak Street school pupils, held in the home of Sheriff and Mrs. Frank L. Coen, plans were made for a gathering April 21 in the school building, Mrs. Stephen Kleckner, Sr., announces.

A regular business meeting will be held at this time, when election of officers will take place. Discussion will also take place on an outdoor affair in midsummer, since a great many members favor such an event.

For the reunion at the school, a capable entertainment committee will have Jack Wilson as chairman, and aiding and abetting will be Art Minnick and Sheriff "Jewie" Coen. Add to this a refreshment committee, headed by Anna "Midge" Martin, and you are certain to have an evening of fun and a full stomach.

Although the hour is 8 o'clock, the former pupils are urged to come early since Warren Broadbent is the school custodian and will have the doors open ahead of time.

World Production
Of Bread Grains
Shows Slight Drop

WASHINGTON, March 28.—(INS)—The office of foreign agricultural relations reports that world production of bread grains last year totaled 235 million tons. Last year's output was slightly larger than the prewar average but a little less than the 239 million tons produced throughout the world in 1948.

The same agency says the world holds a population of about 279,400,000 head of pigs. The number of pigs in the world went up seven per cent from last year and marked the largest gain in any of the postwar years.

CONSUMERS TO SEE NEW
HOUSEHOLD FABRICS SOON

Decorators are showing new fabrics. Although not yet ready for sale across the counter, they are fabrics to look for in the near future. The entire field of fabrics has been changing in color, design, fiber content, and texture. Many of these changes are so practical and economical that the home-maker ought to consider them when furnishings are to be replaced.

Artists, who have a thought for more practical designs as well as something new, have designed colorful prints. Instead of the bold large pattern, there is the one of smaller design, requiring less matching and placing of design for slip covers and draperies. Some curtain lengths come in designs that may look like a group of

flowers growing up from the hem at the bottom.

Nylon is finding new uses in materials for bedspreads, draperies, and upholstery. Nylon stands in high favor because of its ease in upkeep and its durability.

Some decorators have used imitation furs for novelty. Deep pile fabrics to stimulate the fur of leopard, fox, and pony have been made and decorators have used just a touch in a room, such as a covering for an ottoman.

Heavy Hitting Features In Grapefruit Circuit Games

Pitchers Not In Shape Yet

Boston Braves Tounce Tigers

(By International News Service)
The hitters are offering the best reason for an earlier conditioning start for major league pitchers. They are belting the hurlers all over the lot in grapefruit circuit games.

The best example yesterday took place at Bradenton, Fla., where the Boston Braves rolled to an 18 to 16 victory over the Detroit Tigers. There was a total of 37 hits in the game.

At Bradenton, the Phillies piled up seven runs in the first inning and went on to topple the Senators, 13 to 8. This game saw only 29 hits.

Cards Top Yanks

The St. Louis Cardinals downed the New York Yankees, 8 to 7 in St. Petersburg. Harry Brecheen and Tommy Byrne didn't fare too badly in their mound chores, but their relievers really took it on the chin. It was the fourth loss in a row for the world champions.

Six walks and a double helped the Philadelphia Athletics to a five-run rally in the eighth inning and an 8 to 4 victory over the Brooklyn Dodgers at West Palm Beach. Carl Erskine, Pat McGlothlin and Bill Loos gave manager Burt Shotton nightmares during this pitcherless inning.

Indians Scalp Pirates

The only real good pitching was exhibited on the Pacific coast. In Burbank, Calif., the Giants nosed out the Browns, 5 to 3, with a two-run rally in the ninth. Ned Garver did some neat chucking for eight innings for the Browns and Ford Smith was brilliant in relief for the Giants from the fifth inning on.

Jesse Flores and Dick Rozek limited the Pirates to two hits as Cleveland beat Pittsburgh, 3 to 1, in San Bernardino.

The Chicago Cub-Chicago White Sox game in Los Angeles was postponed because of rain.

Irwin-Mercer Clash Tonight

NEW BRIGHTON, Pa., March 28.—(INS)—Class B PIAA contests tonight list western finalists Irwin and Mercer clashing at New Brighton High School, while Ashley and Kurtztown match shots at Allentown to determine the eastern finalist.

Victors of the two games will meet to decide the State Class B high school basketball champion Friday night.

Ezzard Charles Has Injured Heart Muscle, Battle With Freddy Beshore Postponed

NEW YORK, March 28.—(INS)—Imp-tient Freddie Beshore, who has been left waiting at ringside twice, wondered today whether he will ever get a crack at Ezzard Charles, the NBA heavyweight champion with the bruised heart muscle.

The New York State Boxing Commission last night postponed the 15-round Buffalo, N. Y., title fight "indefinitely." The bout was to have taken place tomorrow night.

Promoter Dewey Michaels announced in Buffalo that it had been cancelled.

Bruised Heart Muscle

According to the commission, Charles' rib injury which caused the first postponement of the fight a month ago has bruised a heart muscle.

The commission said that Charles probably will be ready to fight again in two months.

The NBA kingpin came into New York Sunday after an intensive weekend of sparring sessions. An examination by the commission's medical advisory board disclosed the injury.

Meanwhile, Ralph Gold, Beshore's manager, said:

"Last time I said it was a run out. Now what do you think?"

He indicated that he will file a claim for the title with the NBA and the New York commission, exercising prerogative of contract.

Beshore Waiting

All this leaves Beshore, the 27-year-old challenger from Harrisburg, Pa., just where he has been all along—waiting.

The bout has taken on new significance in the light of Joe Louis' decision to join a circus for exhibitions.

With Louis committed more or less to fight no more, it was assumed that New York would get around to recognizing a new heavyweight champion.

A.Z.A. Team Loses At Asbury Park

New Castle Chapter of A.Z.A. lost in the semi-finals of the Eastern Seaboard Elimination tournament at Asbury Park, N. J., Sunday to the eventual winners of the tournament from Chester, Pa., 61-39.

Phil Greenberg, Larry Halm and Chuck Gillman led the locals. Fred Cohen, six foot five inch center, led the winners with 21 points, followed by Joe Millman, Rider college star, with 19.

Chester defeated Asbury Park 91-43 in the finals.

The New Castle club won the regional tournament and the district tournament to earn the right to play in the Eastern Seaboard eliminations.

NEW YORK, N. Y.—Dr. Charles Muzzicato of the new Medical Advisory Board of N. Y. State Athletic Commission checks fractured rib of Ezzard Charles on train here Monday. Charles was on way to Buffalo to defend his NBA title against Freddie Beshore when commission postponed the bout on advise of the board.

Hank's Withdraw From Tournament; End Fine Season

Hank's have withdrawn from the East Liverpool, O., basketball tournament because many of the team players are performing with other clubs in the YMCA tournament.

Hank's have completed a very successful first year of operation. The young team won 37 and lost 5. In the Ellwood District League, Hank's won the championship and the same club also was a semi-finalist in the Optimist tournament here.

County League Meets Thursday

Lawrence County Baseball league will iron out season operation problems Thursday night at a meeting of officers and team officials.

The group will meet at the Sporting Goods Store, North Mercer street, at 8 o'clock.

Seven teams have already signified that they will participate in the loop this season. Hillsville St. Lucy was dubious for a while but announced recently that it will field a team.

One Opening

One opening for the oldest sandlot circuit in the county still exists and applicants for a franchise will be considered Thursday. Lowellville is the only team from last year that does not plan to play in the league this season.

Secretary Jim Martin will have a schedule ready to submit for discussion. Umprising for the season is another problem that has to be worked out by the team officials.

Opening day is set for Sunday, May 7, with Wampum, Bessemer and Koppel getting the home assignments.

New Orleans, which the Pirates own outright, actually paid Pettit's bonus.

Juniors Start Y Tournament

Four teams gained first round wins in the opening of the YMCA junior tournament last night.

DeCarbo's whipped Hot Dogs, 41 to 31, in the opener. Top-seeded Morella's had little trouble defeating the Shamrocks, 54 to 32. Ecclesiastians took a romp from Fee's, 47 to 26. Hillsville edged Tempys, 24 to 21.

Hot Dogs had a 13 to 12 lead at half-time but Mitchell Charles and Don Lehberger clicked for seven field goals in the last half to spark a DeCarbo rally and victory.

Ecclesiastians emerged as one of the strong contenders with a decisive win from Fee's. Bill Shewman paced the Eccs with 16 markers and Joe Marinelli hooped in 11.

Reed High

Morella's had little trouble disposing of the West Side Shamrocks. Don Reed meshed 17 points for high point honors for the evening. Ray Latsko of the losers almost matched his former teammate by getting 15 for the Shamrocks.

Hillsville got by Tempys, mostly Union High reserves. In the roughest, closest game on the card, Henry Jezzuolo sank three foul shots in the last minute of play to ice the contest for the Hillsville quint, comprised of Bessemer high players.

Tonight's action finds Gerson's going against Lepore's at 8:30. Elks take on the Independents at 7:30. Citizens meet the Y youngsters at 8:30, and Gus Little Five tangles with Kumrows at 9:30.

Giosa Decisions Montgomery

PHILADELPHIA, March 28.—(INS)—Former Lightweight Champion Bob Montgomery seemed to be headed for the fistic scrapheap today after losing the fourth straight battle of his comeback campaign.

Montgomery, who lost his title to Trenton's Ike Williams, succumbed to the sharp blows of Eddie Giosa in an all-Philadelphia bout at the Arena before 2,239 fans last night. Both weighed 143 pounds.

Montgomery Down
Giosa dropped the Bobcat for "eight" in the ninth frame of the 10-rounder and gained a unanimous decision. Eddie suffered a cut cheek, however, and was forced to withdraw from an April 10 bout in New Orleans with Enrique Bolaños.

In atoning for a technical knock-out loss to Montgomery in January, 1947, Giosa made varied and effective use of left hooks, left jabs and an occasional right.

LaMotta-Hunter Tangle Tonight

CLEVELAND, March 28.—(INS)—Jarrin Jake LaMotta, world's middleweight champ, and Chuck Hunter collide on the canvas tonight in Cleveland in a non-title, 10 round bout.

Although the odds are 9-5 in favor of title-holder, LaMotta, Hunter, when he is right is one of the classiest middleweights in the game. And according to Chuck, he'll be right tonight.

"Don't be surprised if the kid knocks the champ with the right," said Mike Carrier, Hunter's manager. "I ain't foolin'; he's really punchin' with that hand now."

Titan Seniors Win Benefit

Senior members of the Westminster Titan basketball team trounced an all-star camp intramural team 76-42 last night in a benefit game in New Wilmington.

In a preliminary Grove City grid stars eked out a 51-48 victory over Westminster football players in a close cage contest.

Jackie Jones led the senior aggregation in the scoring department with 20 points. The seniors played the contest with seven men, including their manager, Dor Russell. Pat King, sophomore varsity player, who was in the intramural lineup, was high man for the losers with seven points.

John Cary, sophomore end from the Grove City football eleven, led the Grover cage quintet with 17 points. Raymond Wilson was high for the Titan aggregation with 10 points.

Legion Juniors Getting Ready

First steps in arranging for the annual season of the American Legion Junior Baseball League, sponsored by the Perry S. Gaston Post, American Legion, will take place Wednesday evening when a meeting of the various teams sponsors will take place in the Legion Home, North Jefferson street, at 8 o'clock.

Junior Baseball Chairman Joe O'Leary is looking forward to a good season and already a number of sponsors have signified their intention of helping the post with this worthwhile program.

Lunch will be served by the post at the close of the meeting.

Ray McHenry Regains Title

Ray McHenry, regained his title as champion of the Colonel Charles Young rifle club last night at the Army range, by shooting a brilliant 91 string out of a 100 possible. Richard Wynn with an 89 string was runnerup.

Several members of the club have started firing their qualification courses for the NRA and DCM awards.

Ellwood-Wampum Shoot Thursday

Ellwood City-Wampum Rod and Gun club will hold a "Lucky Target" shoot at 7:30 p. m. Thursday. The public is invited, according to Secretary Harold McKim.

Lloyd P. Jordan, new Harvard gridiron coach declared the Crimson will attempt to play "representative football."

CCNY Slight Favorites To Top Bradley Tonight

(By JOHN BARRINGTON International News Service Sports Writer)

NEW YORK, March 28.—City College of New York was a two-point favorite over Bradley today in its bid for the NCAA basketball championship and an unprecedented tournament clean sweep.

However, any kind of odds seemed risky for tonight's showdown at Madison Square Garden, even though CCNY defeated the same Bradley courtmen, 69 to 61, for the National Invitation title ten days ago.

The Braves weren't counted on in that other meeting until they lost their half-pint star, Gene Melchiorre, on fouls. If the little tornado can keep his hot hands off the Braves this trip, Bradley will be in the battle right down to the wire.

Pressure On CCNY

This time, the pressure is on City, which has its grand-slam aspirations to stake. While the National Collegiate title is a pleasant bubble to possess, Bradley would derive even more pleasure out of thwarting CCNY's double-crown hopes.

However, there is this to consider. Bradley looked like a tired and stale ball club even during the NIT. Since then they have had a trip to Kansas City and back and have played three games in successful quest of the NCCA western regional championship.

CCNY, on the other hand, seemed to reach its peak just at tournament time and has swept through its last eight game unbeaten. This fortunate timing may be attributed to the astute coaching of veteran Nat Holman, who brought four sophomores regulars along slowly and carefully.

Both Fine Records

Both teams bring splendid records to this classic, which marks the first time that NIT finalists have had a second match at each other in the NCAA wind-up.

Bradley won 27 out of 30 during the regular season and has taken five of six post-season games. CCNY has a 17-5 seasonal mark and six straight tournament victories.

MEETING POSTPONED

Castledown baseball meeting scheduled for Thursday night of this week has been changed to Friday night at 7:30 in the fire house, according to an announcement by Manager Harry Barton.

Rasputin Meets Schuch Friday

IVAN RASPUTIN

Ivan Rasputin, one of the roughest of heavyweight wrestlers in the game today, will match his strength and holds against Peter Schuch, a television performer, Friday night in The Arena. In his last "go" here, Ivan and Cyclone Anaya put on a very exciting match which was terminated when Referee Mike Hogan disqualified Rasputin for refusing to stop roughing up Anaya.

The Blue Phantom will take on Dennis (Mr. California) in one of the two 20-minute bouts. There will also be a tag match and the Arena expects an overflow crowd.

Charley Cotton Wins Decision

CHICAGO, March 28.—(INS)—Charley Cotton of Toledo, O., won a split decision over welterweight Levi Southall of Kansas City, Kans., last night in an eight-round match at Chicago's Marigold Gardens.

Southall, a former Golden Gloves champion, lost the third round on a low punch and tired body in the closing rounds.

Pirates Will Release Riddle

Veteran Hurler At End Of Trail

SAN BERNARDINO, Cal., March 28.—(INS)—Veteran pitcher Elmer Riddle, who has been hit freely appeared headed for the Minor Leagues and baseball oblivion today.

He probably will be the next player dropped from the Pittsburgh Pirate training squad at San Bernardino.

End Of Trail

Manager Bill Meyer said of the once crafty, curve-balling, right-hander:

"I guess he is near the end of the trail."

The Pirates posted only two hits yesterday in losing their fifth straight game by a 3-1 score to Cleveland. Murry Dickson and Vic Lombardi allowed the Indians only seven hits but without Ralph Kiner in the lineup, the Pittsburgh punch has been lacking.

Saddle Club Plans Wednesday Meeting

Lawrence County Saddle and Harness Association will hold a regular business meeting Wednesday, March 29, at eight o'clock at the home of Joanne Phearson on Neshannock Falls road.

FOUR district cage performers and a player from Wheaton, Ill., College, have been named to first team berths on the All-Opponent squad selected by members of Geneva varsity. Charlie Cooper, 6-5 center for Duquesne, was top vote-getter in the annual honorary selection. He is joined on the first team by Marvin Johnson, 6-3, Wheaton; Allen McCullough, 6-3, Westminster; Edgard Martin, 5-7, Bethany; and Ed. Dahler, 6-5, Duquesne. Jack Jones, 5-10, Westminster drew a second team place. \$150,000 in stake events is being offered at Miami Fairgrounds, Toledo, September 11 through October 31. Among the events will be a \$25,000, free-for-all pace with 41 entries. Good Time, nominated the horse of 1943, with a lifetime earnings of \$105,199, and a record of 1:58 4-5, owned by W. H. Pacific Coast League Starts

San Diego Favored To Cop 1950 Flag

SAN FRANCISCO, March 28.—(INS)—The gun sounds today for the opening of the 48th Pacific Coast League baseball season.

San Diego, a team which has a close tie-up with the Cleveland Indians, is generally rated the favorite to grab the 1950 pennant but that won't be decided until October 8 when the Triple-A, eight club circuit winds up its 200-game season.

Hollywood Defending
The defending champion, Hollywood, which got plenty of help last year from Brooklyn, is chased right behind San Diego. The San Francisco Seals who have taken six out of eight games with major league clubs in spring training exhibitions and the Oakland Oaks who finished a close second last year are expected to fill up the first division.

Slated for the lower division, according to pre-season prognostications, are Sacramento, Los Angeles, Seattle and Portland.

The ancient Greeks and Romans played a form of football.

Shamrocks To Hold Softball Meeting

Candidates interested in playing softball with the East Side Shamrocks in the City League are asked by President Paul Hawkins to attend a meeting Wednesday night at the Morton St. hall at eight o'clock.

Measurements for uniforms will also be taken at the meeting. The Shamrocks are planning a strong club this year and are banking on the following for support: Bob Miller, Paul Hawkins, Norm Cuscino, Doran, Bailey, Bill Fannin, Suzow, Paul Dinks, Jay Sines, Don Morgan, Brandicase, Tom Richards, and Jake Glenn. Recently elected officers of the Shamrocks are president, Paul Hawkins; secretary, Norm Cuscino; and treasurer, Bill Doran.

Catholic Floor Titles At Stake

PITTSBURGH, March 28.—(INS)—Catholic contenders from Pittsburgh go after state championships tonight in opposite ends of the state.

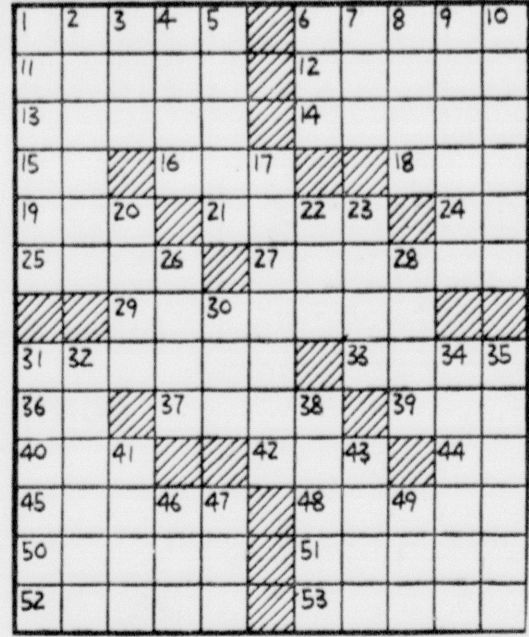

Pittsburgh, Central Catholic tackles Reading for the PCIAA class A crown in Reading. St. James will host Bethlehem at the North Catholic high school gym in Pittsburgh for the class B title.

Fate Of Fliers Lost In China Still Unknown

Mystery Deepens During 17 Months Intensive Effort

WASHINGTON, March 28.—(INS)—U. S. officials said today that mystery has deepened during 17 months of intensive effort to learn the fate of fliers Elmer C. Bender and William C. Smith in communist China.

Refusal of high Chinese officials to reply to questions, together with statements made by lesser communists, have convinced the state department that the two Americans are being held prisoners.

Conflicting Reports

Conflicting reports in the case cannot be explained, however, and the circumstances of their disappearance leave open the possibility that the two men were lost at sea.

Bender, a Marine sergeant, and Smith, a navy chief petty officer, disappeared Oct. 19, 1948, while on a training flight from the U. S. naval base at Tsingtao, China.

Bender and Smith were under general orders not to fly over communist territory and to make training flights at sea. It is accepted that they either crashed or made a forced landing.

Vice Adm. Oscar C. Badger, then in command of the U. S. Asiatic fleet, immediately ordered an extensive search. Thirty planes combed over the surrounding communist territory of Shantung without seeing evidence of the plane.

Leaflets Dropped

Leaflets were dropped three different times, asking the populace for information. There were hundreds of Chinese friendly to Americans—many of them pupils of American missionaries.

None ever reported actually seeing the fliers or their plane. There were numerous reports and rumors among the Chinese, however, that the Americans were held prisoners.

The communist official who

early this year said the men were "alive and well" near Tsingtao raised hopes to a high level.

The official was visited Jan. 21 by Captain David Jones of the steamship Flying Arrow, who offered to pay \$25,000 for "expenses" in releasing the men.

The communist refused the money. He said the men were held 80 miles northeast of Tsingtao but did not furnish evidence of their existence. He is now described as "an official with real authority."

Wives of the lost fliers are Mrs. Ruby Smith of Long Beach, Calif., mother of a year-old son her husband has never seen, and Mrs. Shirley Bender of Chicago.

House Committee To Investigate Unemployment Rise

WASHINGTON, March 28.—(INS)—Rep. Kennedy (D) Mass., says that a congressional committee will investigate rising unemployment in the United States.

Kennedy is expected to head a House Labor subcommittee to conduct the probe. The group will be named soon by Rep. Lesinski (D) Mich., Labor committee chairman.

The Congressman, son of former Ambassador to Great Britain Joseph Kennedy, anticipated that his associates will be Rep. Howell (R) N. J., and one Republican committeeman.

The Massachusetts Democrat revealed that the group will make an on-the-spot check of so-called "distressed" labor areas where unemployment has become a major problem.

Kennedy cited estimates that unemployment rose in February to 4,684,000, the largest total since the summer of 1941. He added that it represented a rise of 200,000 from January.

Simultaneously, the number of employed rose to almost 60 million persons. Kennedy said this indicated that the nation's economy has not expanded at the same rate as the nation's available supply of labor.

The Congressman listed 19 states with "distressed" areas.

THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

THE GANG SPIRIT

When children—especially boys—get to be around 10 years of age, they begin to gang together. In some communities, these gangs are nothing more than neighborhood clubs. In other places, the gang takes on undesirable qualities. There may be some rather tough fighting between rival groups, or the gang may become one that raids stores or commits various other kinds of vandalism.

Fortunately, most of our children don't become members of groups that get into trouble with the law. Nonetheless, we may get upset because the gang seems to mean more to the youngster than his home. If it's a choice between going out with the family or with the gang, it's the gang that "gets the nod." And no matter what sort of boys are in the gang, they're all "swell" so far as Junior is concerned.

In general, it's best to accept the gang spirit as a part of a child's growing up. There are some fine things about the loyalty of youngsters to one another and their willingness to work together. If instead of forbidding Junior to associate with the boys, we show interest in his gang without prying or, if when the occasion arises, we give them a hand—rustle up refreshments or help buy jackets—we usually can count on him coming through the gang spirit phase without harm.

Agriculture Dept. Makes Food Report

WASHINGTON, March 28.—(INS)—The Agriculture Department announces it disposed of one billion, 714 million pounds of food and other farm products during November, the latest month for which figures are available.

The disposed of commodities included those the department bought as buying agent for the army, the recovery program, other governmental programs, as well as

some surpluses bought under the price support operation.

November's one billion, 714 million pounds compares with two billion, 337 million pounds of farm commodities disposed of, or delivered, in October.

Grain and grain products accounted for the greatest part of all farm commodities delivered. They amounted to one billion, 289 million pounds.

Surplus items disposed of to government agencies or private organizations amounted to 391 million pounds, of which almost 100 million pounds were surplus potatoes.

Gen. Eisenhower To Testify Wednesday

WASHINGTON, March 28.—(INS)—The senate appropriations committee has announced that Gen. Dwight Eisenhower will testify on Wednesday to tell why he believes the United States has disarmed beyond the safety point.

A spokesman for the committee said the president of Columbia university will appear at 2 p. m. EST Wednesday.

The appropriations subcommittee on military expenses invited Eisenhower to appear after he

made a speech in New York last week expressing concern over the state of national defense.

Today's Fashion Flash

By PHYLLIS BATTELLE

NEW YORK, March 28.—(INS)—American ladies will need curves in their furniture and fashions next fall.

Sophie Lans, top New York interior decorating authority, said today that "Fashions follow furnishing trends."

"And furniture will take on an

hour-glass silhouette come September.

"With the return of simple but curvaceous Biedermeier (1790 period) furniture, styles will be less severe than this spring's fashions. "Subconsciously," said Mrs. Lans, "a woman's style sense makes her blend her clothes with the current interiors."

"In the past four years, she's copied the directoire and empire furnishings trends."

If she continues to follow furniture trends in '50, she'll wear terra-cotta, periwinkle blue, and raspberry shades, with white accents.

WEDDING INVITATIONS

"Give me, please, details of wedding invitations—not the form, which I already know, but the kind of paper, style, size, etc., etc., and when they should be mailed."

Answer: Formal wedding invitations and announcements are engraved in black on plain white paper, folded into a double sheet. Usually the size is four and three-eighths inches by seven inches.

English script is the most popular style of engraving, although any of the accepted types may be used. All ornate engraving and stationery are avoided by people of taste. Conventional forms should be adhered to.

At the top of the invitation, a bride's family crest may be embossed in white. When wedding invitations and announcements are inclosed in two envelopes, the full name and address of the addressee are written on the outside one. On the inner envelope is written the full name exactly as written on the outer envelope but without the address. This inner envelope is not sealed, nor is the flap folded inside.

Tissues inclosed to keep the engraving from smudging should be removed before sending the invitation.

Formal invitations should be sent from two to three weeks before the date set for the wedding. Announcements should be prepared for mailing on the wedding day but should not be posted until after the ceremony.

Question: Is it necessary for a woman to tip a bellboy who pages her in a hotel?

Answer: Yes, she should tip for this service—twenty-five cents is the usual amount.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers inclosing stamped, addressed envelopes.
